21 Marin Dentists Urge Fluoridation Of Water Supplies

Placing Of Issue On Election Ballot For Next June Proposed

Twenty-one Marin County dentists, all of whom are teachers in Bay Area dental schools, today recommended immediate steps to get Marin's water supply fluoridated.

A statement signed by them, and supported by Dr. Wendell H. Wylie, assistant dean of the University of California Dental School and secretary of the American Board of Orthodontists, was released by Mrs. Mary Boden, executive secretary of the Children's Dental Health Committee of Marin.

She said the dentists are among many residents urging the fluoridation of Marin's water, who want the issue placed on the ballot at next June's election.

KICKOFF TOMORROW

The committee is planning a campaign kickoff luncheon tomorrow at Sabella's at Alto. Dr. Ellis Sox, health officer for San Francisco, and Robert Tumelty, health education officer of the California State Dental Assn., will speak.

Mrs. Boden said the dentists were making their statement as members of a separate group supporting fluoridation, and not as members of the Marin Dental Society. She said approximately 75 per cent of them practice in Marin County.

The statement says:

"We . . . hereby recommend fluoridation of the water supply as a most important means of controlling tooth decay.

"We recognize that fluoridation is not the sole answer to the problem of preventing dental disease and maintaining healthy teeth, the care of which is vital to general health. We also wish to emphasize the other dental health measures: a balanced diet with reduction of sugar intake, regular toothbrushing after each meal, if possible, and oral examinations.

BEST WAY

"While these three steps are most important, this group, all faculty members of Bay Area dental schools, recommend fluoridation as the immediate and the most comprehensive way to attack the almost universal disease of tooth decay. The results of this survey (one made public yesterday by the Marin County Health Department) show that, without question, in comparison with areas where water is fluoridated, we have a substantial—and unnecessary—amount of decay.

"As professionals, who practice and teach in the field of health, we must keep abreast of techniques for the health of the nation. We know of no measure better than fluoridation to bring so many benefits to so many people for little cost. We urge its immediate availability for residents of Marin."

Mrs. Boden said the statement was made in response to the Marin County Health Department survey results, which showed that 85 per cent of Ma-

Chamber Backs Incorporation For Tiburon

The Tiburon Peninsula Chamber of Commerce yesterday voted unanimously to back a movement for incorporation of Tiburon, according to William A. Rafter, president.

The action came after lengthy discussion by the 24 members present, who agreed with David Allen of the Belvedere Land Co. that "Tiburon's population is growing and will continue to grow to a point where we need local governmental control over planning, etc."

Ronald Vehlow, Tiburon businessman, was appointed chairman of a committee to gather information produced from two earlier movements for incorporation of Tiburon.

The chamber will present its plan to the Tiburon Peninsula Coordinating Council this month, Ratter said.

Francis Newton reported that the highway widening project from Highway 101 to the trestle had been put over to the 1960-61 state budget.

Tiburon Fire Protection District Commissioners Fred C. Hannahs, Jon S. Stanton and Paul C. Hantzsche, all briefly skirmished with new appointee Fred Mantegani over handling of the commission's funds. The chamber reiterated its support of Mantegani for the commission post "because he is a local businessman."

Agent Asks Stay For Chessman

SAN JOSE (AP)—The execution of Caryl Chessman on Oct. 23 would deprive Joseph Longstreet of a material witness in a conspiracy indictment against him, Longstreth contended in a petition filed in superior court Tuesday.

Longstreth, of Richmond, Ind., is Chessman's literary agent.

Chessman, inmate of San Quentin Prison's Death Row since 1948, has written several books in prison. He was convicted in Los Angeles County of rape, sex perversion and kidnaping, and was sentenced to death.

Longstreth was indicted in Marin County as a member of an alleged conspiracy to smuggle the manuscript of one of Chessman's books, "The Face of Justice," out of the prison.

Longstreth's attorney, John Thorne, asked for an injunction against Warden Fred Dickson of San Quentin, and Richard A. McGee, director of corrections, to delay the scheduled Oct. 23 execution.

THEIR SCHOOL BUS: A BOAT — Wayne Wallace, 16, a junior; his brother Dave, 15, a sophomore, and neighbor Maylian Goodman, 14, a freshman, all of whom live on Boardwalk 1 in Larkspur, have solved the "school bus" problem very neatly. They're shown grounding their boat at Redwood High School. It will provide transportation when school starts tomorrow. Smoky, the pet dog of the boys and their parents, Mr. and Mrs. Harvey Wallace, evidently figures he can go to school, too. He's 13-old enough to be a freshman.

Missing Marin Man Found Safe In Wilds

Donald R. Logan, 41-year-old Corte Madera engineer, was found safe today after being lost since Monday while on a pack trip in the Sierra northeast of Fresno.

A Forest Service plane spotted Logan this morning near Red Lake, where he had rejoined Robert York of San Francisco, one of three companions on the trip, after the other two members of the party hiked out to report his disappearance.

Mrs. Logan said a ranger called her shortly after 9 a.m. to report the plane had sighted her husband, dropped a message, and received his signalled reply that he was all right.

"I expect they'll continue the fishing trip to Saturday as they'd planned," she said.

Logan, a Pacific Telephone and Telegraph Co. employee, had gone on the pack trip into the Sierra for a week's fishing with Walter C. Dowell, civil engineer of San Anselmo; Robert Dahl, 22-year-old University of Oregon student of Tiburon, and York.

Logan fell behind as they were hiking from Florence Lake to the Red Lake basin. When he failed to arrive at the proposed campsite, Dowell and Dahl hiked out to the Sierra National Forest fire lookout station near Mt. Shinn and reported his disappearance.

All four were well equipped with food and sleeping bags, so Logan probably suffered no ill effects from "going it alone," his wife said.

School Starts Tomorrow For Marin Children

School will start tomorrow for nearly 36,000 youngsters in Marin County's elementary and high schools. Public and parochial schools open the same day.

In four communities, elementary school pupils will attend spanking new schools. The four which will open their doors for the first time are the Lu Sutton School in Novato, the Lucas Valley School in Marinwood, a new school on the Larkspur marsh near Corte Madera Creek, and Blessed Sacrament Parochial School in Santa Venetia.

CATHOLIC HIGH

The 650 students at Marin Catholic High School will begin classes tomorrow under a new principal, Rev. Mark J. Hurley.

Since 1950, Father Hurley had served as first principal of O'Dowd High School in Oakland. He holds a doctorate in education from Catholic University in Washington, D.C.

The county's six public high schools—Tamalpais, Redwood, Sir Francis Drake, San Rafael, Novato and Tomales—will open tomorrow to a combined enrollment of 6,250. A smaller number of high school students will attend Dominican Convent, St. Vincent's School for Boys, and Katharine Branson School, all beginning classes tomorrow. San Rafael Military Academy and Three R Schools open Monday.

COLLEGE OF MARIN

Although College of Marin's nearly 900 regular students registered last week, they, too, will begin classes tomorrow.

The 25,000 enrollment expected at the county's public grammar schools is an increase of almost 4,400 over the last school year.

Already in session are Golden Gate Baptist Seminary at Strawberry Point, which opened Sept. 1, and Dominican College, which started classes yesterday. San Francisco Theological Seminary in San Anselmo will not open until Sept. 24.

Space Capsule Found In Sea

WASHINGTON (UPI)—The unmanned space capsule fired by an Atlas missile at Cape Canaveral, Fla., this morning has been recovered from the Atlantic, the National Space Agency announced today.

The agency said the capsule, part of the plan to put man into space, was picked up by the destroyer Strong at 11:38 a.m. several hundred miles north of Barbados. (See story on page 14.)

Fog Blamed For 3 Power Pole Blazes

Three power poles caught fire early today from short circuits caused by fog and dampness, Pacific Gas and Electric Co. officials reported.

Most seriously damaged was a pole on Palmer avenue at Little Reed Heights in Tiburon. Deputy Sheriff D. L. Greeson reported sparks flying and pole ignited about 2 a.m. The badly charred pole was being replaced today.

The other two fires caused only minor damages. One was near Waldo Market in Marin City, and the other in Tennessee Valley.

Leonard Robertson, electric superintendent of PG&E, said fog and dampness often cause the current to creep over the insulators, setting the poles on fire.

Missing Pigeon Didn't Fly Far; Found In Home Chimney

The case of the missing pigeon has been solved in Strawberry.

Last Saturday, as Mrs. Richard O. Coffmann was sitting in her living room at 104 East Strawberry drive, she heard the flutter of wings.

She asked her husband to investigate the fireplace whence the sounds issued.

Coffmann found nothing.

Yesterday morning, their son, Bob, 12, who (you guessed it) raises pigeons, said one of his birds was missing.

"Goodness," said Mrs. Coffmann, "that must have been the flutter I heard." So Bob climbed up on the roof and looked down the chimney. Sure enough, there was his bird.

A neighbor called the Alto-Richardson Bay Fire Department. Several firemen trained flashlights into the fireplace. Coffmann, this time quite able to see the bird, pulled it out.

The bird, still quite alive, flew back to its roost.

Novato Bonds Sold

A rate of 4½ per cent offered by the Bank of America for $141,000 worth of Novato school bonds was accepted by the Marin County Board of Supervisors yesterday on motion of Supervisor William A. Gnoss of Novato.

Ike Vetoes Bill Again

WASHINGTON (UPI)—President Eisenhower today vetoed the public works bill for the second time.

State Government Revamp Plan Told

Proposal Would Junk Many Offices, Create New Ones

SACRAMENTO (AP)—Gov. Edmund G. Brown today unveiled the rough draft of a controversial plan to sweep out more than a dozen state offices and create some new ones as part of a streamlining of the state government.

The chief features call for:

1. Creation of eight super-agencies which would oversee most of the state's operations.

2. Abolition of boards and offices which include the elected secretary of state, treasurer and Board of Equalization.

The preliminary report was issued in advance of a two-day meeting of state officers at Davis tomorrow and Friday to discuss the sweeping overhaul.

Brown invited "frank and full criticism."

SUBJECT TO REVISION

The governor emphasized that the plan, drafted by a special committee he named, was intended as a starting point; that it is subject to revision by the committee before its final report comes out.

"Even that final report," he said, "will be only preliminary to my decisions on a reorganization plan to submit to the Legislature."

The reorganization proposal was drafted by a committee headed by Bert W. Levit, San Francisco attorney and former state finance director. (Levit, as legal consultant to the Marin County Board of Freeholders, assisted in drafting in the proposed county charter which was defeated by the voters last year.)

OTHER MEMBERS

Other committee members were Wesley McClure, city manager of San Leandro; Marvin D. Tarshes, county executive of Sacramento; James R. Bell, Sacramento State College professor; Deal E. McHenry, professor of political science at UCLA; Brown's departmental secretary, Charles W. Johnson; Robert B. Bradford, director of public works, and John E. Carr, director of finance.

The eight proposed administrators, together with the lieutenant governor, superintendent of public instruction, attorney general, controller and University of California president, would form the governor's cabinet.

The present Governor's Council, with its 35 members, was termed too unwieldly.

The administrators would not replace department directors. For example, the director of fish and game would remain but his department would

HOUSE SENDS GAS TAX HIKE BILL TO IKE

WASHINGTON (AP) — The House sent to President Eisenhower today a bill increasing the federal gasoline tax a cent a gallon Oct. 1. The money will go toward financing the interstate highway program.

The bill will add a billion dollars to motorists' gasoline bills for the next 21 months by raising the federal gasoline tax to four cents a gallon until July 1, 1961.

U.N. Unit May Leave For Laos By Week's End

COMBINED AP & UPI

The United Nation's special fact-finding group says it hopes to get a team off by this week's end for Laos, where today a tense situation grew tenser as many Red shadow patrols were reported spotted filtering past jungle villages.

Laotian army authorities reported one skirmish in which two of their soldiers were killed.

They also reported the recapture of one post in Sam Neua Province.

MORE SUPPLIES

And the United States airlifted eight more planeloads of supplies including rifles and grenades to the Communist-menaced Asian state.

At U.N. headquarters in New York the four-nation subcommittee set up to deal with the Laos crisis over the bitter protests of Soviet Russia met yesterday and announced it would carry out its fact-finding tasks as quickly as possible.

The U.N. fact-finders asked their respective nations of Japan, Argentina, Italy and Tunisia to name within 24 hours representatives to serve on the team to make the first-hand on-the-scene study in Laos.

FAST ACTION URGED

It was urged that men immediately available be picked so that they can hold their first meeting tomorrow, be briefed on their task, and prepare for early departure.

Laos' Communist neighbor, Viet Nam, termed the setting up of the fact-finding group "illegal" and denied that any of its troops were involved in the fighting in Laos.

The arrival of the U. S. supplies and the announcement of the recapture of the post in Sam Neua state bolstered Laotian morale. But at the same time there were reports of the sighting of additional enemy groups in Phong Saly and Sam Neua Provinces.

The skirmish in which two Laotian soldiers were killed broke out at Moung Pao at the edge of a six-mile wide strip the Red guerillas hold inside the North Viet Nam-Laos border.

And the reports of more shadow patrols on the move toward the trouble spots came from a number of jungle villages across northern Laos.

Ocean-Spanning Missile Fired At Vandenberg

VANDENBERG AIR FORCE BASE (AP) — Combat-ready Air Force troops today successfully fired their first Atlas intercontinental missile, having triple the range of previous American war missiles.

Success of the launch means the United States has a missile capable of delivering nuclear destruction at ocean-spanning distances up to 6,300 miles.

SUCCESSFUL LAUNCH

The Atlas soared upward at 10:49 a.m. and veered westward over the Pacific Ocean. The Air Force announced shortly afterward that the launch was considered a success.

Missiles previously declared ready for war have been intermediate range weapons capable of flights up to 1,700 miles.

This was the first Atlas firing anywhere by missile men trained to handle the big rocket under battle conditions.

FIRST LAUNCHING

It was the first Atlas launching from this West missile base, home of the Air Force's first ballistics missile division.

The Russians claim to have intercontinental range missiles in the hands of troops. But Defense Secretary Neil McElroy recently said he does not think they have 10 missiles which could hit this country.

Thirty Atlases have been shot from Cape Canaveral, Fla., but these launches were directed by engineers and scientists.

Officials said beforehand that a successful shot would mean the missile is no longer an experimental research vehicle but an operational, combat-ready weapon.

Five Names Suggested For New School In Larkspur

Five possible names for the new Larkspur elementary school were placed before trustees of the Larkspur School District last night. Their decision was to consider the list and endeavor to settle on one name by the next meeting Sept. 22.

Two of the proposals were intended to commemorate the names of distinguished late residents, Jean Escalle and Henry Clay Hall.

Escalle was a wine grower, businessman, member of the first Larkspur city council, and community worker. His name was backed by both the Larkspur Chamber of Commerce and the Hillview Home Owners Assn.

Hall, a school district superintendent from 1907 to 1927, was supported by a family delegation. The trustees also had received a number of letters backing use of this name.

Other names brought up by the committee were Tamal-Vista, Heather and Baltimore Park.

The trustees heard medical reports on the conditions of Supt. Carl Tivel, ill and unable to attend the meeting. In view of the fact that his return to duty will evidently not be possible for perhaps two weeks, trustees appointed Dr. Vaughn D. Seidel, assistant superintendent, as acting superintendent.

Glenwood To Get Drainage Pump

Latipac-Perini Co., developer of Riviera Marin resort area in east San Rafael, announced last night it will install a $100,000 pumping station near San Pedro road to provide surface drainage of water for the entire valley east of Glenwood subdivision.

San Rafael city councilmen decided to sign an agreement with the developers to accept the drainage pump when it is completed to city specifications. Edwin Lee, general manager of Latipac, announced the plant should be completed by the end of this year.

The agreement, subject to final approval by the city engineer and the city attorney, calls for Latipac to build the plant and outfall line to city standards. After completion, the city will accept and maintain the plant. The city agrees that this plant can be used as the surface drainage facility for the entire valley.

Lee and Latipac engineer Daniel Coleman reported the pumping plant will be located at a 20-acre ponding area, which will collect water from the entire valley and from a 130-acre golf course. The golf course will serve as an additional ponding area in case of extreme storms.

Mayor John F. McInnis and City Atty. Albert E. Bagshaw disagreed on whether a bond should be put up for the job. Lee said Latipac is willing to put up the bond, but Bagshaw declared a bond in this case would be superfluous, because the city would not accept the pumping plant until it was completed to the city's satisfaction.

Mayor McInnis saw no reason to waive the bond. But he and Councilman Joseph F. Sauer and Louis H. Baar decided the sign the agreement without a bond since both the city attorney and the city engineer reported everything seems to be in order. Councilmen Fred E. Jensen and Charles W. Aby were absent.

Sanitary District Lowers Tax Rate

Directors of the Tamalpais Valley Sanitary District last night announced the district tax rate would be 86 cents per $100 of assessed valuation, 16 cents below that of last year.

Board President Bruce J. Gillette said the tax rate does not reflect service charges or certain special assessments. He said it's the lowest tax rate the district has ever had.

Directors discussed the inclusion of the projected 53-home Oakwood Valley subdivision in the district, but reached no decision.

San Rafael Hires Aide For Manager

San Rafael city fathers hired an administrative assistant last night to fill a vacancy which has existed since Asst. City Manager John H. Shelly quit more than two years ago.

On the recommendation of City Manager Dan E. Andersen, the council hired Paul Richards, 28, of Daly City at a starting pay of $450 per month.

Andersen said he received about 11 applications for the job, and interviewed five, including Richards.

The new administrative assistant grew up in Long Beach and received a degree from Long Beach State College and a master's degree in business administration from San Francisco State College. He completed a course in city administration under the Coro Foundation program last June and has since worked for an insurance company.

He will report for work at the San Rafael City Hall next Tuesday to help the city manager with some of the administrative details.

Richards' wife and son plan to move to Marin as soon as they can find a home here.

During the Korean War, Richards served four and one half years as a Navy lieutenant.

Three employees were hired last night for the public works department. They are Cora Moore, secretary, at $330 per month; Dawn Solon, typist-clerk, at $277, and Frank Martin, laborer, at $354.

SAN RAFAEL PROJECT

Demolition Scheduled At Parking Lot Site

The northeast corner of Third and Cijos streets in San Rafael will be cleared of all structures in about two weeks to provide for a 64-car municipal parking lot.

Ceccotti and Son of Marin will undertake the demolition job at $2,725. This was the lowest of three bids opened by the San Rafael City Council last night. Other bidders were Cleveland Wrecking Co. of San Francisco, at $3,597, and Ghilotti Brothers, $3,980.

Eugene Lackenbach, owner of Eugene's restaurant, said the back lot of the restaurant is adjacent to the new parking area. He wants access from the parking lot to his property, which he would pave and convert into parking spaces for his customers. The council asked Public Works Supt. Norris Rawles to discuss the layout with Lackenbach and report at the next meeting.

In other action, the council:

1. Asked the traffic advisory committee to make further studies on a traffic hazard reported on West End avenue at Marquard avenue. Residents are asking for stop signs on West End to slow down speeding traffic. Police Capt. Joseph J. Brusatori reported a radar check did not indicate excessive speed. Rawles said the traffic advisory committee recommends against stop signs on West End, but is willing to take another look to see if restricted parking on West End might improve the situation.

2. Set Sept. 21 as the time to open bids on a slide correction job on Fairhills drive southeast of Valley View avenue. Cost estimate is $9,200.

3. Postponed action on requests for two annexations to the city. The council hopes to have more information at the next meeting. One is a 72-acre parcel known as Portola Annex, in the hills south of Portola Gardens near Santa Venetia. Owners are Orton Sabraw, John and Margaret Fung, and Hugh Fung. It would be contiguous to San Rafael's present boundary at the Puerto Suell Hill ridge. The other is an eight-acre parcel adjacent to the recently annexed Freitas Ranch. Known as the Hamlin Annex, it is near the Ann Curtis Swim School and Hartzell School, where Eichler Homes plans a new subdivision.

4. Postponed a decision on whether to charge the county $100 per month for use of the city hall for courtroom purposes two days a week. The county wants to use the city hall on Wednesdays and Thursday from November through May 30. The city manager and the county administrator had agreed on a $100 rental, but Mayor John F. McInnis said he has been asked to allow the county to use the hall free of charge.

Councilman Louis H. Baar said he thinks the city is obligated to charge the county since use of the room will cost the city in lights and janitorial services.

5. Agreed to pay the city's one-third share of the cost of installing a pedestrian tunnel under San Pedro road at Loch Lomond. Children will use the "tube" going to and from San Pedro School. Total cost is $19,358. Of this amount, $2,200 will come from the San Rafael Sanitation District. The rest will be split three ways among the San Rafael School District, the city, and the county.

6. Asked the city manager to draft a new ordinance regulating bowling alleys.

Old laws dating back to 1939 and 1940 may be too restrictive for practical application today, City Atty. Albert E. Bagshaw said. For example, the present law forbids unaccompanied minors in the area, prohibits hard liquor of any kind, and bans all night use of the alleys. The entire area must be exposed to view except for dressing rooms and washrooms. Most of the conditions which gave rise to these laws no longer exist, Police Captain Brusatori reported.

Boy Sleeps While Adults Stage Hunt

Worried parents and several sheriff's deputies searched all night for Raymond C. Bagley, 7, of Bolinas, who disappeared from his home on Main street about 7:30 last night.

This morning at 6:45, Raymond trotted home and explained he went to a nearby "fort" and fell asleep. When he got up, it was morning.

The "fort" is a clubhouse in the neighborhood.

Edward J. Bagley, the father, searched for the boy, then called for sheriff's help at 11:30 p.m.

Chamber Raps Stinson Park Camping Ban

Unhappy motor visitors are camping out nights alongside Highway 1 near Stinson Beach State Park and saying unkind things about California hospitality, or rather the lack of same.

This report, placed before the monthly meeting of the Marin Coast Chamber of Commerce at Point Reyes Station last night, and caused a decision to send a letter of protest to the state Division of Beaches and Parks.

The letter will urge reconsideration of the policy against allowing overnight use of the park by trailers and other vehicles.

Chamber members told of many encounters this summer with "disappointed and disgruntled travelers" whose plans to stay overnight within the park were frustrated by closed gates.

Mrs. Harriet M. Greene, secretary, said reports indicate the park is "practically empty during the week" with a daily average attendance of 92 cars but with accommodation for 800, and with a weekend average of 431 cars.

Camping along the highway is felt by many chamber members to set up a special fire hazard, said Mrs. Greene.

STOCKS TODAY

COMBINED AP & UPI

NEW YORK—Stocks ran into further declines today and then came back swiftly from the day's lows, closing slightly lower on balance.

At the lows the market showed declines running to more than four points.

Volume for the day was estimated at 2,900,000 shares compared with 2,940,000 yesterday.

Leading issues dropped from fractions to two or more points.

The selling squall began late in the day after early irregularity. Some brokers said it looked like a climax to the recent decline.

Losses of two points or more were taken by U.S. Steel, Youngstown Sheet, Union Carbide, U.S. Rubber, General Tire and Schering.

Ford and Jones and Laughlin dropped about three apiece. DuPont dropped about eight.

Steels, motors, rubbers, chemicals and electronics were among sharp losers. Oils were off fractionally.

Losses of around a point were shorn by American Motors, Bethlehem, Goodyear, Montgomery Ward, General Dynamics, Radio Corp., Raytheon, International Telephone, Anaconda, Eastman Kodak, Loew's Merck and United Air Lines.

Novato Trustees Ask: Why Oppose Merger?

Novato Unified School District trustees decided last night to invite San Jose School District trustees to a joint meeting to tell why they have opposed consolidation of their district with Novato.

Merger of the two districts is to come to a second public vote Sept. 29. It passed in Novato but failed in San Jose District in an election last May.

Novato board chairman Earl Marshall, who has served on the Marin County Committee on School District Organization which set the election, said he would attempt to arrange an "informal" meeting of the two boards prior to the election.

Novato trustees have not taken an official stand on the merger issue.

Marret B. Boissevain, appointed to the Novato board recently by County Supt. Virgil S. Hollis, was sworn in at the opening of the meeting. Boissevain fills the vacancy created by resignation of Leo Mindling in June.

Trustees learned from Supt. William J. J. Smith that registration of pupils to date totals 3,380 and that another 50 or 100 are expected to register in the next few weeks—still not enough children to require split-day sessions, he said.

Trustees authorized Smith to call for bids on equipment for use in a new German language program at Novato High School. Tape recorders and 12 sets of microphones and earphones are expected to cost about $7,700 half of which will be paid by the federal government under the National Defense Act.

Trustees decided to begin a review of possible architects to prepare plans for a new elementary school for the Connell site off South Novato boulevard.

Fairfax Tax Rate Remains At $1.10 Level

A tax rate of $1.10 per $100 assessed valuation, the same rate as last fiscal year, was adopted by resolution last night by the Fairfax City Council.

The action was accomplished without discussion and approved by a unanimous vote of the four councilmen present. Councilman Albert Fox was absent.

The tax rate breaks into $1 for the city's general fund and 10 cents for the park and recreation fund. The $1 rate will help finance and adopted 1959-60 city budget of $179,702. No budget for park expenditures has been adopted.

Lagunitas Meeting

Trustees of the Lagunitas School District will meet at 8 o'clock tonight at Lagunitas School to hire a 13th teacher for the school year which begins tomorrow, announced Winifred S. Frederick, clerk of the board.

Tiburon Fire Board To Discuss Recall Move

Plans for a proposed recall election directed against Fred Mantegani, Tiburon Fire Protection District commissioner appointed last week by the Marin County Board of Supervisors, will be discussed at a meeting of the commission at 7:30 o'clock tonight in the Tiburon boulevard firehouse, according to Chairman John S. Stanton.

Mantegani, meanwhile, issued a statement thanking "all of those good people of Tiburon who signed the petition sponsoring my appointment as commissioner . . . I also want to thank the members of the Board of Supervisors of Marin County for having appointed me fire commissioner."

His aim will be, Mantegani said, "to work for the best interests of the fire district and to cooperate with the other commissioners to the end that sound, efficient and economical administration will prevail. I will do everything within my power to merit the confidence and trust you have bestowed on me.

"Thank you, thank you very much."

Appointment of Mantegani followed unsuccessful efforts by the supervisors to elicit names of other possible candidates. Mantegani had been supported by a resolution and a petition but subsequent to his appointment another petition was sent in with 185 names backing R. L. (Dick) Williamson.

Reed Meet Canceled

Last night's meeting of the Reed Union School District Board of Trustees was canceled because only two members showed up: Richard J. MacLaury and Irwin C. Farley. The next meeting will be Sept. 22.

DEPUTY WINNER OF RACE WITH STORK, PATROL

Deputy Sheriff William Bradford outdistanced both the stork and a highway patrolman in a race from San Rafael to a hospital in Napa yesterday.

Bradford and his wife, Jean, left their home at 289 Woodland avenue, San Rafael, at 2:15 a.m. Five miles out of town a highway patrolman began chasing him, catching him just as he reached Queen of Valley Hospital in Napa.

The stork, a poor third, arrived at 3:50 a.m. to deliver the Bradfords a 6 pound 10 ounce boy, named Ty Donald.

Scantily Clad Youth Flees Juvenile Hall

A frequent runaway from Marin Juvenile Hall did it again last night. But this time the 14-year-old made it to freedom clad only in T shirt, shorts and socks.

Sheriff's Sgt. Edward Mythaler said witnesses at the hall reported they last saw the boy about 7:30 p.m. running toward Lucas Valley road clad in his underwear.

Starfighters Cause Big Booms Over Bay Area

Two jarring booms were felt in Marin County and other Bay Area communities at 2:40 p.m. yesterday.

The sharp jolts were caused by Hamilton Air Force Base aircraft—two F104 Starfighters—which were ordered to exceed the speed of sound during an air defense exercise while flying over San Jose at above 40,000 feet.

They were ordered to go into a slanting dive "at maximum capability" to intercept another jet aircraft acting as an "enemy bomber intending to drop a nuclear bomb on San Francisco," according to a Hamilton spokesman.

"Maximum capability" would put the speed of the F104s at more than 1,500 miles an hour, or more than twice the speed of sound.

The resulting double shock jarred houses in San Rafael, San Anselmo, Kentfield, Larkspur, Corte Madera and Fairfax, and other communities as far south as Livermore and San Jose.

"I thought my whole house was going to blow up," said Mrs. H. B. Wiggins of 188 Meernaa avenue, Fairfax.

A man in San Anselmo, who telephoned Hamilton to complain, exclaimed: "Golly, my house was just like a rocker!"

Oakland firemen who had just arrived at the scene of a three-alarm market fire felt the two shocks and thought that the blazing buildings were exploding. The Associated Press put out a bulletin that the fire caused the widely felt shocks. Later AP attributed the jolts to the Hamilton aircraft.

Pilots of the two F104 Starfighters were identified as Capt. Donald J. Parsons of 901 Appleberry drive, Lucas Valley, and Lt. William H. Foster Jr. of 1581 Hill road, Novato.

They were flying under orders from an aircraft control station for the 28th Air Division atop Mt. Tamalpais, which was directing the simulated air attack and defense.

rin's youngsters have permanent teeth affected by decay.

In support of the Marin dentists, Dr. Wylie said:

"Marin dentists are on the right track in attempting to correct the present deficiencies of fluorides in our water supply, particularly in view of the nigh record of dental decay in the county. As a public health measure fluoridation of drinking water is unmatched for its low cost, dramatic effectiveness and complete absence of undesirable features."

Those who signed the Marin statement are:

From the College of Physicians and Surgeons in San Francisco—Dr. Alvin C. Hileman, San Anselmo, assistant professor of periodontia; Dr. Richard H. Albert, San Rafael; Dr. Louis Geissberger, Larkspur, clinical instructor in operative dentistry; Dr. William Loran, Mill Valley, clinical instructor in operative dentistry; Dr. Fred Nestler, Mill Valley, clinical instructor in operative dentistry; Dr. George T. Funeral services for Mrs. Betty S. Kemper of San Rafael will be at 10 a.m. tomorrow at the Harry M. Williams mortuary, San Rafael.

The wife of Raymond F. Kemper, Tamalpais High School teacher, Mrs. Kemper was a medical secretary. She died Monday in a local hospital. The Kemper home is at 142 Humboldt avenue, San Rafael.

Mrs. Kemper was a native of Sioux City, Ia. She belonged to the First Presbyterian Church of San Rafael.

Survivors include her two children, Paul, 12, and Nancy, 8, and one sister, Mrs. C. A. Dirksen of Minneapolis.

Louis D. Harder Dies In Hospital

Louis D. Harder, 44, Mill Valley liquor clerk, died today in a local hospital, 45 minutes after his admission. Death was attributed to a heart attack.

Harder and his wife, Helen P., resided at 20 Rancho drive in Mill Valley. They had been Marin residents more than five years, previously living in Harder's native city of San Francisco.

He was employed in the liquor department of Brice Brothers Market in Bel Aire.

Besides his wife, he is survived by a brother and sister.

Blanche Johnson Rites Held Sunday

Private memorial services for Mrs. Blanche C. Johnson, former Kentfield resident who died Saturday, were held Sunday in Palo Alto.

Mrs. Johnson died in Palo Alto. She moved there 12 years ago, after the death of her husband, Ben Johnson, who was a Marin County electrical contractor for many years. They had resided in Kentfield from 1923 until 1945.

Mrs. Johnson was a native of Norwalk, Los Angeles County.

She leaves a daughter, Mrs. Donald Borthwick of Palo Alto; three brothers, Forrest Curry of San Francisco; Eugene Curry of Berkeley, and Clifford Curry of Glendora, Los Angeles County, and two grandchildren.

The family has asked that tribute be in the from of contributions to the Palo Alto Unitarian Church or the Heart Fund.

Mrs. Jean Piper Funeral Tomorrow

Funeral services for Mrs. Jean Piper, a 13-year resident of Larkspur, will be held at 3 p.m. tomorrow at Chapel of the Hills in San Anselmo. Inurnment will be in Woodlawn Memorial Park, Colma.

Mrs. Piper died Monday in a local hospital, after two week's illness. She was 73.

Mrs. Piper moved to Larkspur from San Francisco, to reside with her sister, Mrs. Reita Peterson, at 167 Madrone avenue. She formerly resided in San Francisco. Her husband, John T. Piper, died in 1941.

She was a native of Taylor, Nev., and a member of Aurora Chapter 40 of Eastern Star, Grass Valley.

She is survived by three sisters, Mrs. Peterson, Mrs. Mary C. Genereaux of Larkspur and Mrs. Agnes K. Clancy of Sacramento.

Trash Pickup Issue At Corte Madera

Does the Mill Valley Garbage Co. have the exclusive right to collect dry trash in Corte Madera?

This question was pondered at length by the Corte Madera Town Council last night, then tossed back to Town Atty. John B. Ehlen for further study.

Last month the council directed Ehlen to draft an amendment to the garbage franchise ordinance, specifically excluding dry trash from the town's franchise agreement with the Mill Valley firm.

Ehlen submitted the proposed change last night with the comment that "it's a meaningless thing." He reiterated his "tentative opinion" of last April that the right to collect dry trash is not given solely to Mill Valley Garbage Co. under the ordinance.

The issue arose because Mel and Ray's Janitorial Service of Petaluma has been hauling dry trash away from several Corte Madera Shopping Center stores. The Petaluma firm is considering adding another truck for this service, hoping to add the new Montgomery Ward and Co. store to its list of clients.

Robert K. Andresen, attorney for Mill Valley Garbage Co., told the council any attempt to revise the franchise agreement would be "unconscionable."

Ehlen told councilmen he would like to avoid litigation over the meaning of the ordinance, "but if we have to come to that, we have to."

The Corte Madera council also:

1. Postponed for one month decision on whether an assessment district should be established for installation of a $37,000 storm drain along Paradise drive, east of Highway 101. The property owners, San Clemente Land Co., the First Baptist Church of Corte Madera and the Roman Catholic Archdiocese of San Francisco, hope to reach agreement soon on a pro rata cost split and avoid the necessity for a special district.
2. Called for bids for reconstruction of Willow avenue from Tamalpais drive to a point near Chapman drive to be opened by Town Manager Arthur H. Brandow at 3:30 p.m. Sept. 28 and considered by the council at an 8 p.m. meeting the same day.
3. Directed Brandow to ask the Northwestern Pacific Railroad to prepare plans for a pedestrian grade crossing of NWP tracks at Apache road, to be built at town expense. The crossing would provide access to Larkspur's William avenue for students walking to Redwood High School.
4. Adopted a policy of attrition with respect to the town's fire alarm system, deciding existing alarm boxes should be given only routine maintenance and not be replaced when they become inoperative. Fire Chief Frank Nelson said only 13 per cent of last year's alarms were turned in from boxes, and of these 62 per cent were false alarms.
5. Authorized Brandow to include the possibility of a second firehouse east of Highway 101 in a study of the town's long-range capital improvement needs.
6. Passed a resolution authorizing the fire department, upon request, to help fight fires in other jurisdictions under a mutual aid agreement.
7. Authorized Police Inspector Harold Hockett to attend the 10th annual Western States Conference of Safe Burglary Investigators Sept. 21-23 in Los Angeles.
8. Appropriated $150 for purchase of a camera for use by all town departments.
9. Authorized Brandow to arrange for a police officer examination to be given by the state Bureau of Personnel Services. The town has four officers and has budgeted the salary for a fifth to be employed this year.
10. Authorized employment of James Actgen and Laurence Yoell as school crossing guards at $2.25 per hour.
11. Adopted an ordinance prohibiting parking on the east side of Willow avenue from Tamalpais drive to Oakdale avenue and on both sides of Willow along one block from Oakdale to an unnamed street.
12. Adopted an ordinance designated Madera boulevard, from Tamalpais drive to Tamal Vista boulevard, as a one-way street on either side of the divider strip.
13. Approved warrants totaling $14,930.

Councilman Edward W. Colthurst presided in the absence of Mayor Roger F. Morse.

Corte Madera Council Split On Road Job

Two of Corte Madera's five town councilmen early today approved engineering plans for the two north lanes of a Paradise drive improvement project calling for ultimate construction of a four-lane divided road.

Walter S. Long and acting Mayor Edward W. Colthurst represented a majority of the voting councilmen. Albert E. Kogler voted "no," William R. Hansen abstained and Mayor F. Morse was absent.

Colthurst asked Town Manager Arthur H. Brandow to check Roberts' Rules of Order before the next meeting and determine whether a 2-1 vote of the five-member council is sufficient for approval.

LONG SESSION

The vote came on Long's motion at the end of a five-hour and 15-minute session which concluded at 12:45 a.m.

Strenuous opposition to Brandow's plan was voiced by a large delegation of Marina Village residents. Councilman Kogler, a Marina Village resident himself, championed their cause.

Proposed is reconstruction of Paradise drive to a width of 74 feet between the H. H. Koch and Sons service road and El Camino drive, east of Highway 101. Cost of the project, estimated at $35,000, is to be divided by the town and county.

Plans call for a 12-foot center island, flanked by 24-foot paved section and seven-foot strips for future sidewalks.

FOUR LOTS

On the north side this will require the acquisition of a sidewalk-utility strip from three lots and the corner of a fourth in Marina Village. The remainder of the seven-foot strip will be taken from undeveloped land.

The Marina Village delegation and Councilman Kogler, argued more than one hour in behalf of the four property owners who must sacrifice portions of their back yards to the project.

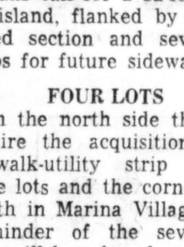

Brandow, with equal persistence, fought for approval of the plans as submitted. He assured the protesting delegation that all backyard fences removed for the project would be relocated at town expense.

DRAINAGE IMPROVED

Along with road improvement, Brandow said, there will be "an extensive improvement of the drainage situation in that area."

Before adjourning, the council instructed Brandow to study Kogler's proposal for building the south lanes first to postpone "invasion" of the back yards, and report his findings at the next meeting.

Town Council Objects To Wording Of Deed

The Corte Madera Town Council last night took exception to the wording of a proposed deed to the town of drainage easements covering the two Madera Gardens lagoons.

The owners, H. C. (Josh) Billings, Jack Rentz, Olaf Johnson and Ralph Tobener, have insisted on retaining exclusive recreational rights to the lagoons.

On motion of William R. Hansen, the council voted to "invite" the owners to submit an offer of easements omitting the word "exclusive" and deleting a paragraph which would bar the town forever from filling the lagoons.

The lagoon issue was clouded by two members of the audience who voiced a demand for town maintenance of lagoon No. 2.

"It (the lagoon) stinks!" cried Vincent Misuraca of 50 Birch avenue. "It's a disgrace to the Town of Corte Madera."

Misuraca and W. J. Miller of 13 Arrowhead lane said the smaller of the two lagoons is choked with "moss, grass and rubbish."

Councilman Edward W. Colthurst, presiding in the absence of Mayor Roger F. Morse, told the pair to write a letter to Town Manager Arthur H. Brandow, detailing their complaints. He promised the matter would be discussed at the council's Sept. 21 meeting.

Repairs Set For Sewer Line Break At Madera Gardens

A work crew is scheduled to start tomorrow to repair a break detected last Saturday in an eight-inch sewer main buried in the mud bottom of Madera Gardens Lagoon in Corte Madera.

"We hope to get a work crew out there tomorrow," said Ben K. Rippe, director of Corte Madera Sanitary District. He said two legal holidays this week had hampered the district in getting a crew together.

The break occurred either Friday night or early Saturday, Rippe said. Madera Gardens residents whose back yards adjoin the lagoon telephoned to report a discoloration of the lagoon water.

Rippe said leakage into the lagoon was small and service was being maintained. The broken pressure main leads from Lakeside drive pumping station under Highway 101 to join a 12-inch main.

A weekend effort to investigate the break ended inconclusively. Dr. Robert W. Keast, Mill Valley physician and amateur skindiver, went down into the lagoon but the sewer main was buried deeper than his arm's length beneath rock fill, reported Rippe. Dr. Keast was unable to determine the size of the break.

Terra Linda Bonds Topic For Panel

The pros and cons of the proposed $350,000 Terra Linda recreation bond issue, to be voted on next Tuesday, will be discussed from 9 to 10 a.m. tomorrow on the "Marin Sounding Board" program over radio station KTIM.

Speaking in favor of the bond issue will be James B. Schryver, chairman of the services district's recreation committee which worked up the plans, and J. R. Gunn III, Terra Linda Community Services District director. Opposing the issue will be Mrs. William Davies and William Sievers, residents of Terra Linda.

Kitty Oppenheimer, moderator, said listeners telephoned questions will be directed to the panelists during the broadcast. The program will be repeated Sunday at 12:30 p.m. via tape recording.

COST UP

Drain Job Runs Into New Snarl

New snarls developed last night in the proposed construction of a concrete drainage structure at the Lucky drive extension to Redwood High School.

The Corte Madera Town Council learned the $33,459 low bid of V. Maggiora and Son exceeded the $24,766 estimate by $8,693.

Town Manager Arthur H. Brandow said this means the town must pay $18,159 as its share of the cost instead of $15,481. Lucky drive Assessment District must pay the balance.

Brandow said the firm of Whitlow, Hoffman and Albritton, engineers for the district, has recommended a plan for immediate financing of the work. It calls upon the town to pay $23,759 and be reimbursed $5,600 by the district later out of district funds on deposit with Marin Municipal Water District.

At Brandow's suggestion, the council asked him to arrange a meeting with the district principals at 8 p.m. Monday in Corte Madera Town Hall.

Japan National Railways is building a new train which will travel at 150 miles an hour between Tokyo and Osaka.

Kids Board Out To Solve School Issue

The problem of how the children of Mr. and Mrs. R. B. Hay of Chileno Valley can attend the schools they want to, in districts where they don't live, has at last been solved. And Solomon couldn't have done it any more neatly.

County Supt. Virgil S. Hollis reported solution of the long-time controversy to the Marin County Board of Education last night.

The Hays live in Tomales Elementary and High School Districts. But they have battled against being forced to send their children to Tomales schools. They preferred Two Rock Elementary School and Petaluma High School, over the border in Sonoma County.

The Tomales districts declined to grant an inter-district agreement. The Hays appealed all the way to the county board of supervisors. No luck.

The simple solution:

The Hays have boarded their children with a family just across the Sonoma County line. So now the young Hays live in the Two Rock Elementary and Petaluma High School districts.

Philosophy from comedian W. C. Fields: "It is never funny to break anything. It is only funny to bend things."

Legal Problems Snarl Education Board Meet

Two knotty legal problems snarled the meeting of the Marin County Board of Education last night.

First was an action taken more than a month ago: The appointment of a trustee for San Anselmo School District. Second was something the board wanted to do: Pay sales tax on a $10,000 printing contract when the sales tax was not included in the contract.

The appointment muddle was over the naming of Mrs. Rose E. Eiserich to the San Anselmo board on Aug. 3. The county board split on the appointment, final vote being three in favor, three abstaining and one absent. Under the board's interpretation of their rules, the three abstentions were considered with the majority and the appointment was made.

Board President Alce Ann Rust reported she had received a number of calls questioning the legality of the appointment because less than a majority of the seven-man board actually voted for it.

OB Cavanaugh, the board's unofficial parliamentarian, read the rules and stuck to the interpretation that the appointment was legal. At his suggestion, however, the county counsel was asked for an opinion.

The second legal problem was over the printing bill for the not-yet-completed county course of study. The printer, R. G. Fontana and Son of San Anselmo, requested payment of $429.31 in sales tax on the more than $10,000 contract.

The county counsel told the board it was not necessary to pay the tax because the contract had been let on a fixed sum bid.

Board members felt a "moral responsibility" for payment of the tax. Ted V. Cole said in his business activities the sales tax was always added to the contract price.

County Supt. Virgil S. Hollis, however, was reluctant to pay the tax in view of the county counsel's opinion. He pointed out that he personally would be liable if an auditor eventually found the payment illegal.

The board decided to re-submit the question to the county counsel, asking if it would be illegal to pay the tax.

The county board last night also:

1. Increased the mileage rate for use of a private car on school business from 8 cents to 10 cents per mile.
2. Were told by Hollis that multilithing volumes two and three of the three volume course of study cost $2,175.14 in addition to the eventual cost of printing.
3. Accepted the resignation of Don Lindsey as multilith operator, and appointed Mrs. Margaret Huffman and Mrs. Virginia S. Gilman as bus drivers, and Ross Turney as bus driver and multilith operator.

Supervisors Delay Cow Claim Study

The uneasy ghost of Joseph Silveria's cow continued to haunt the chambers of the Marin County Board of Supervisors yesterday afternoon.

The supervisors guaranteed themselves more bovine bemusement three weeks hence by deciding to continue the question of Silveria's $400 cow claim to Sept. 29, when there is to be a grand re-hash of the whole matter with special reference to county insurance.

Four members of the board split 2-2 during the morning on the question of whether Silveria, who had rented the fairgrounds-civic center land for grazing, should be recompensed for loss suffered when his cow fell down a well.

Arrival of Supervisor William D. Fusselman for the afternoon session was expected to break the deadlock. Instead, it only brought new piercing questions.

True, it was brought out, the county had placed planks over the well as a safeguard against mishaps to children. But there had been no renewal, strengthening or other special precautions when the land was leased, regardless of the fact that cow tonnage must reasonably be expected to run higher than kid tonnage.

"We should have known," said Fusselman accusingly. "When we leased for cattle grazing, it was up to us to do something. I feel that we owe it to Silveria, that we were amiss. But would it be legal to make payment?"

Opinion of the county counsel that Silveria's claim wasn't valid because it was not notarized was viewed dimly by Fusselman.

Chairman Walter R. Castro renewed earlier expressions of discontent with the whole manner of handling the case by the county's insurance carrier, who had recommended against payment because of lack of verified claim and to feeling that the county just wasn't liable.

Fusselman finally moved—and his colleagues voted to call for a complete statement of premiums paid to insurance carrier, claims paid by the carrier, along with any other pertinent material aiding judicial evaluation of the whole county insurance position. The material is to be prepared during the next three weeks.

Life Insurance a Policy

PHOENIX, Ariz. (AP)—After pleading guilty to kicking his sister and her two small boys, James Walsh, 25, objected to part of the battery charge.

"I didn't kick the family dog like the charge says," he told Superior Court Judge Warren L. McCarthy.

Walsh was given a six-month jail sentence.

Hospital Ends Staff Privileges Of Willis

Staff privileges of Dr. Jack E. Willis at Marin General Hospital were suspended last night as result of his conviction on abortion charges last week.

This action was decided upon at a joint special meeting of the board of directors and medical advisory board of Marin County Hospital District.

The board of directors referred the matter to the medical staff for its recommendation relative to permanent revokation of Dr. Willis's staff privileges.

S. Ames Pence, hospital administrator, disclosed after the meeting that the Greenbrae physician, with offices in Mill Valley, had been on a probationary basis of limited staff privileges since June 6, 1957.

"At that time," reported Pence, "rather than recommending that his staff privileges be revoked, he was placed under a program of constant surveillance of designated staff members, and he also agreed in writing that if he were permitted to remain on the staff under such conditions to voluntarily resign if at any time thereafter he should indulge in any conduct that would be considered unethical or unprofessional in the opinion of the medical advisory board."

The board "reported several incidents of such unprofessional conduct during the probationary period and was about to recommend that his staff privileges be revoked when Dr. Willis was reported to have become involved in several abortion cases," Pence added.

"No action was taken by way of revoking his privileges for the reason that the medical advisory board felt it would be unfair to take such action while criminal charges were pending against Dr. Willis."

Completion of the trial and conviction altered this situation, Pence said, resulting in recommendation for the immediate suspension. The hospital's rules require that a report and recommendation for the future must be made to the board within 30 days.

THEIR EXCUSE HURT WORSE THAN WOUND

DALLAS (AP)—Implication bothered him more than the pain, Marvin Pannell said, when he was shot while hunting near a surburban lake.

As they rushed him to a clinic, Pannell said, they told him "they thought I was a rabbit."

U.N. Investment Bill Introduced

WASHINGTON (UPI) — Sen. Hubert H. Humphrey (D-Minn.) today introduced legislation which would allow taxpayers to claim tax credits up to 2 per cent of their regular federal income tax for contributions made to a special fund for United Nations investments for peace.

Such a fund would support programs of technical assistance and economic development throughout the world.

Board Wonders Where To Put Farm Office

Should an agricultural extension office bring the country folk to the city or take the city folk to the country?

This problem was briefly wrestled with by the Marin County Board of Supervisors yesterday afternoon, ending in decision to wait a week, till Sept. 15, before deciding just where the Marin office is next to be located.

Meanwhile the board is to inspect possible new though temporary homes for the office—which is being displaced from the San Rafael Post Office by remodeling—in San Rafael and Novato.

"The proper place for an agricultural extension office is Novato, where the farm people are," said Supervisor William A. Gnoss of Novato.

"More city people want to make contact with the office than farm people do," countered Supervisor James A. Marshall of agricultural West Marin.

Supervisor William D. Fusselman said there's a possible location available on San Rafael's A street, offering 800 square feet at $160 a month. Gnoss thought that, although a possible Novato location had $165 as its asking price, some horse-trading might cut the figure.

Neither would be permanent, it was pointed out, as quarters should be available at Marin's new civic center in a few years. The board agreed to have a look at both possibilities later this week.

Purchase Of Gas Station Disclosed

Fred Jandura of 41 Locke lane, Mill Valley, today announced he has purchased the Chevron service station at 103 East Blithedale avenue, Mill Valley, from Harry Hockins.

Jandura, a resident of Mill Valley five years, previously operated a gas station in San Francisco for eight years.

Sale price was not disclosed.

Jandura is married to the former Miriam Athias of Mill Valley. They have three sons.

Split Vote Postpones Repeal Of Hub City Manager Law

The ordinance repealing city manager government in San Anselmo will have to wait the Oct. 13 city council meeting for passage, as it drew a 2-2 split vote last night.

Councilman Jordan L. Martinelli Jr. was absent. Last month he joined Mayor Arthur W. Smith and Councilman Carmel H. Booth in voting to do away with the city manager.

But, although the repealer was postponed, the case of absent City Manager Arthur W. Brewer—who is winding up his work in San Anselmo preparatory to moving to Tracy—came in for nearly an hour's heated argument.

The discussion, which included the usual exchange of personalities between Mrs. Booth and Councilman Carleton G. Little, was touched off inadvertently when Councilman William Franchini's apologized to Mayor Smith.

Franchini said an attack on Mayor Smith's record which he and Little gave to the Ross Valley Times and Green Guide late in July was "only political . . . and I did not mean any personal harm to you or your family by it."

Franchini was away on vacation when the letter appeared and Mayor Smith demanded a retraction.

"Do you still think I'm guilty of double-talk?" demanded Smith.

"You definded double-talk as deceitful," replied Franchini. "If you take it to mean that—yes, I'd retract that, too."

'How about 'deliberately saying one thing and meaning another?'" pursued the mayor.

"Well," said Franchini, with a grin, "lots of times you ride the fence, let's say."

Mrs. Booth entered the discussion at that point, declaring: "I'm sick and tired of all this upheaval . . . I hope we get down to work and quit sniping at each other."

"Mrs. Booth," said Franchini, "you should practice what you preach."

Little joined the fray, and the words flew hot and fast for 50 minutes.

Little, pointing out that the city manager ordinance gave the manager only the right to promote — not appoint — said "he could do nothing else" but name the police chief because a promotional examination for chief had been held.

When Smith said the council should name department heads because "we have to answer to the people for the policies," Little shot back: "I think you're going to answer for them in April." (Smith's fifth city council term expires next April; he is expected to seek re-election.)

DEMANDS 'SPECIFIES'

Two members of the audience, James T. Farnkopf of 122 Calumet avenue and D. A. Nelson of 195 Spring Grove avenue, demanded "specifics" as to "what harm the city manager has done the city" and urged that a city manager is needed. Mayor Smith met each of their arguments for a city manager by asking, "couldn't an administrator do the same thing?"

Nelson, who holds the title of administrative assistant in the electric welding department of Linde Co. in San Francisco, declared: "An administrator is strictly staff; he's not command."

COMPARISON

As Mrs. Booth failed to cite what he termed "specifics," Farnkopf compared her to the late Sen. Joseph R. McCarthy, "who used to wave a handful of papers and say, 'I have here so and so many depositions' but never read them."

A group of women circulating petitions to place the city manager issue on next April's ballot did not appear last night, but Little said, "I think there's a sufficient number of petitions to maybe put it on the ballot."

HUB CITY POLICE CHIEF TAKES OATH PUBLICLY, GETS A CAKE

Raymond R. Buchignani, who has been San Anselmo's police chief since Aug. 1, finally got to take the oath of office publicly last night.

Buchignani was sworn in by City Clerk Anita M. Gannon at the opening of the city council meeting.

"I want to assure the people of San Anselmo that my goal will be to keep the city a safe and happy place to live," he said after the ceremony.

Later, at the 10 o'clock council recess, there was a cake for "Chief Buck," baked by Mrs. Virginia Hinshaw, and corsages for his wife and mother, Mrs. Raymond Buchignani Sr., sent as gifts by Peter Maggi, florist.

Buchignani was named police chief, to succeed Donald T. Wood on the latter's retirement, by City Manager Arthur W. Brewer, after qualifying in a civil service examination.

Hub Acts To Correct School Traffic Hazard

The San Anselmo City Council greeted the opening of a new school year last night by acting to correct a long-compained-of traffic hazard at Sir Francis Drake High School.

On recommendation of Police Chief Raymond R. Buchignani, the four council members present voted unanimously to move the traffic light at Sir Francis Drake boulevard and Saunders avenue to a point opposite the high school parking lot. There have been many complaints of traffic snarls caused in getting into and out of the lot.

The council completed its agenda by 11:20 p.m.—the earliest in many months. Although he is still winding up his affairs in San Anselmo, resigned City Manager Arthur W. Brewer was absent.

The final map of Woodland Park No. 2 subdivision, cause of considerable dispute earlier, was approved 3-1, with Councilman Carleton G. Little voting "no."

Also during the session:

1. The council awarded A. Von Rotz the contract for repainting the interior of the police station. His bid of $235 was lowest of four.
2. The 1956 fire prevention code was adopted as a city ordinance.
3. A request for a new fire hydrant on Hillcrest court, endorsed by Fire Chief Nello Marcucci, was put over until next month because the budget does not contain funds for the hydrant. It was suggested the fire chief might substitute it for one of five other locations authorized for fire hydrants in the budget.
4. Asst. Police Chief Sam N. Serio was authorized to attend a safe burglary conference in Los Angeles, on recommendation of Chief Buchignani.
5. Vern Ingraham was promoted from laborer to equipment operator-repairman in the street department.
6. David Cohen was named appraiser of the fair rental value of the No. 2 firehouse, which is to be leased by the city. City Attorney John G. Buresh recommended Farrington Jones for the job. Councilman Little proposed Cohen.
7. Bids on surfacing Center boulevard from Madrone avenue to the bridge were called for Oct. 13. City Engineer John C. Oglesby estimated the job, to be paid from gasoline tax funds, will cost about $3,700.
8. The council adjourned to Sept. 16, when a contract will be awarded for the Ash avenue improvement project, San Anselmo's first special assessment district project in several years.

DISTRICT SESSION

Larkspur Trustee Urges Pre-School Workshops

School district workshops of three days, held before the start of each school year, were suggested yesterday by Jack L. Mengel, member and former chairman of the Larkspur School District board.

At such workshops, he said, educators could take a "competent, objective and professional look" at the current educational scene on local, state and national levels.

Mengel spoke at a luncheon meeting of about 75 Larkspur district teachers, administrators, trustees, secretaries and Parent-Teacher Assn. officials at Rickey's Rancho Rafael, Ignacio.

He said extended workshop sessions might produce indications "that we should step up our standards a bit and elevate the subject matter." He urged teachers to offer advice and guidance to the school board.

Calling for a strengthening of discipline and development of "courtesy and respect" among pupils, Mengel said, "More and more, the schools are given responsibility for the total growth and development of the pupil."

Another luncheon speaker was Dr. Vaughn D. Seidel, newly appointed assistant superintendent of the Larkspur district and former superintendent of Alameda County schools. Supt. Carl Tivel was ill and unable to attend. Dr. Virgil S. Hollis, county superintendent, was a guest.

Sausalito School Times Announced

Starting times at Central, Marin City and Bayside schools will be 9 a.m., it was announced today by Marcus Davis, superintendent of Sausalito School District. Starting time at Richardson Bay School will be 8:30 a.m.

School bus stops will be the same as those last year, Davis said. A copy of schedules will be available at each school when classes start Thursday.

THIS FELLOW HAD REASON TO SING BLUES

SPRINGFIELD, Ohio (AP)—Donald W. Vannoy, 38, a Springfield house painter, had the blues yesterday.

Traffic officers reported a car driven by Vannoy had a collision with another vehicle.

Vannoy was hauling 20 gallons of blue paint in his car. It poured over the street in a bright blue pool and splashed Vannoy from head to foot.

When Vannoy pulled out his billfold to show his license, all his papers fell into the blue mess.

The final blue note came when the officer charged Vannoy with reckless operation.

Cried For Justice

SAN DIEGO, Calif. (AP) — Because the pretty, blonde defendant in a bad check case had been crying before court opened, Deputy Dist. Atty. John V. vanBenthem handed her attorney a towel as she took the witness stand. It was the comic type, on which "crying towel" was printed. Since the jury saw the incident, Superior Judge John A. Hewicker held it was grounds for declaring a mistrial, which he did.

Planner's Resignation Stirs Hub Argument

The resignation of Merritt B. Webster, long-time chairman of the San Anselmo Planning Commission, produced a lively argument at last night's San Anselmo City Council meeting.

Councilman Carmel H. Booth insisted the resignation "is not a fair and proper conclusion of Mr. Webster. Somebody is behind this."

She and Mayor Arthur W. Smith claimed the city council had overruled the planning commission as often in past years as during recent months, yet Webster continued to serve for 20 years. In his letter of resignation, Webster wrote "recent actions of the city council" made his service no longer possible.

Councilman Carleton G. Little declared: "I don't think decisions of this council have been in the letter of the law or even by stretching the law. . . . You override the planning commission just to get a builder out of hock."

"I take strenuous objection to that," shot back Mrs. Booth. "The planning commission doesn't always agree, either," pointed out Councilman William Franchini.

D. A. Nelson of 195 Spring Grove avenue, a spectator, suggested Webster had resigned because of losing "the support and guidance" of the city manager.

Mayor Smith said he didn't see how that could be "when he served for 18 years without a city manager and only two years with one."

"Let's get Mr. Webster in and ask him," interjected City Atty. John G. Buresh. "This is all speculation."

"We didn't ask the eminent counsel for his recommendation," snapped Little.

As Mrs. Booth attacked Little for "snide cracks at the city attorney," Mayor Smith gaveled the discussion to a stop for the vote. Webster's resignation was accepted with regret and an expression of appreciation for his long service.

Ike Considering Visit To India

WASHINGTON (UPI) — President Eisenhower is seriously considering making a long-contemplated trip to India following his visit to the Soviet Union this fall, it was learned.

Informed sources said the President has been giving thought to the possibility of an Indian trip for about a year. They said that in the light of his forthcoming Russian journey it is being discussed with a new sense of urgency.

But these sources said last night that no decision has yet been reached.

Tidelands Leased To Audubon Group

The Belvedere City Council last night formally approved the Audubon Society lease for the city-owned tidelands.

According to specifications in the contract, the tidelands will be closed to boating and recreation during the birds' nesting season, which the society expects to be only six months of the year, from November to April.

The council voted to extend until Dec. 1 Hilarita housing project's use of Belvedere sanitary facilities, but asked that the housing project reactivate its septic tank system following that date.

"Belvedere is not able to take care of Hilarita in case of a bad winter," said Mrs. Ida Scott, vice mayor.

Formerly Belvedere had given Hilarita until Oct. 1 to make other arrangements for sewage disposal. Annexation of the housing project to Tiburon Sanitary District is under discussion by commissioners of that district.

The curfew law, specifying that children under 18 may not be on the streets after 11 p.m., was unnanimously passed by the council.

The city manager was instructed to confer with the city engineer to see what improvements should be made in Eucalyptus and Crest roads on Belvedere Island for them to be accepted into the city street system. The planning commission had recommended their acceptance.

The council approved a request by the Belvedere Avenue Property Owners Assn. to resurface a portion of the road.

A meeting with Belvedere Fire Chief Lawrence Mersereau and representatives of the Marin Municipal Water District, to discuss the inadequate fire hydrant water pressure on Belvedere Island, was proposed.

AFTER 2-YEAR STUDY

Belvedere Approves PG&E Franchise

The Belvedere City Council last night approved a Pacific Gas and Electric Co. gas franchise for an indeterminate period which had been before the council off and on for years.

Previously the city's gas franchise had been granted on a definite term basis of five or 10 years under the 1906 Broughton Act. The new franchise, approved by the League of California Cities, is under the Franchise Act of 1937 and provides that PG&E can furnish gas service and use city streets for installation until the franchise is revoked by the city.

Belvedere is the 164th city out of the 200 cities served by the company to accept an indeterminate franchise.

"Reasons given by PG&E for this request were the less expensive financing of public utility bonds and the savings to the subscribers," Councilman H. Nordmark Williams said. "Approximately the 2 per cent premium will be given to the city under this franchise."

Fairfax Sets Recreation Registration On Monday

Registration for the fall recreation program at Fairfax Pavilion will be taken Monday from 7 to 9 p.m. by Thomas J. Kelly, recreation director.

Signup forms may be obtained at Fairfax Central, Deer Park and Manor schools and at the Fairfax firehouse. They should be filled out and taken to the pavilion on Monday night, Kelly said.

The recreation program is open to Fairfax youngsters in the fifth grade and older. Activities, which will include basketball, volley ball, badminton, pool, snooker and ping pong, will begin next Wednesday night.

The program will be Mondays, Wednesdays and Thursdays from 7 to 9 p.m. Depending on who signs up, specific nights may be reserved for specific age groups, Kelly said.

Adults interested in volunteering to help with the recreation program may reach Kelly at his home, 79 San Rafael avenue in San Anselmo, or at the pavilion.

Last night, the Fairfax City Council discussed the possibility of using three rooms on the second floor of the pavilion recently vacated by the National Guard for the recreation programs. Since there is only one stairway leading to the second floor, Fire Chief Charles Thornton requires a second stairway installed as a safety measure before the rooms may be used.

Councilman Rolfe Ockenden was delegated to get cost estimates on installation of a second interior stairway as opposed to an outside emergency stairway.

Kelly said that one upstairs room might be used as a television and game room (a nonworking television set now reposes in the pool room), another as an office and equipment room, and a third as a large reading room. All would be staffed by adult volunteers, Kelly said.

Use of the upstairs rooms would mean a check of the wiring, Kelly said. Chief Thornton said: "I can take care of that."

Chief Thornton also said that he would see about replacing two broken windows in the pavilion, installing a protective screen on a ground floor window, and seeing that debris in the park is cleaned up.

Report Slated On Part-Time Teacher Jobs

Warren Maguire, assistant Marin County counsel, will submit a report on legal aspects of the employment of part-time teachers before a monthly meeting of the Marin Junior College Board at 8 p.m. tomorrow at the College of Marin, Kentfield.

Already held over for two meetings, a discussion of policies on adult education will be brought up for definite scheduling, possibly at a special monthly meeting Sept. 17.

Appointment of Dr. Fred Adams as physician for men will be up for confirmation, Dr. George Oliva having resigned because of demands of private practice.

Consideration will also be given to: Public relations policy for 1959-60; appointment of student help in eight departments at a total cost during the school year of $5,975; application of the Henry George school for space in which to offer a course in economics for 10 weeks starting Oct. 7; request for employment of a PBX operator and reassignment of Mrs. Doris Madden to clerical work as assistant to Mrs. Juanita Williams in the business office; application for employment of Mrs. Margaret Boerst as instructor in business education.

Convicts Face Escape Charges

The two San Quentin inmates who tried to flee their prison home yesterday were resting in solitary cells today following a prison disciplinary committee hearing.

The two convicted robbers, Edward Leon Lee, 21, and Terry Gordon Russell, 22, face possible escape charges, prison officials said.

The men used the traditional escape methods—the sawed bars and the knotted bedsheet strips—to escape their cell block at 1:15 a.m. yesterday and to drop 50 feet to the ground. The escapees, both serving armed robbery terms, were easily captured 3 hours and 15 minutes later.

Once out of the cell block the prisoners scrambled into the shadow of warehouses down a 40-foot embankment. A warning shot fired from a guard tower alerted other prison officers who found the men after a search.

Jensen Against Psychiatric Consultations

Dr. Carolyn B. Albrecht, Marin County health officer, and Donald A. Jensen, county administrator, may hold a sparring match before the county board of supervisors next Tuesday on the question of emergency psychiatric consultations at $20 an hour.

Dr. Albrecht had sent a letter to the board, read at its Aug. 25 meeting, regarding establishment of a program for such consultations to assist her on 72-hour commitments to Napa State Hospital.

Asked by the board to check up, Jensen reported by letter yesterday that he'd consulted the county counsel, sheriff, auditor and county physician, with the result that he recommended a "no" decision.

Everybody would be getting into the act, Jensen said in effect — and the consultations wouldn't make sense because they'd be in advance of just such work to be done at Napa.

Jensen wrote that 72-hour commitments "can be made by either the health officer or any peace officer" and that "the greatest majority of these in Marin County are made by peace officers (sheriff or city police).

"The express legal purpose of such commitments," the letter went on, "is to obtain a psychiatric diagnosis. A prior diagnosis would mean duplication."

Continuing the matter, the supervisors suggested consultation with the medical society and personal appearance by Dr. Albrecht and Jensen.

Final Civic Plans Ready Next Week

Final plans for the proposed Marin County government center at Santa Venetia are scheduled to be ready next Tuesday.

Yesterday, the county board of supervisors gave permission for the civic center committee to make a preliminary inspection of the plans before they are handed over to the board.

The supervisors also:

1. Received 34 postcard protests to the civic center from residents of the Mill Valley area.
2. Accepted Corte Madera and San Rafael into the integrated county disaster plan. Fairfax, Belvedere and Ross already have joined.
3. Authorized joint county-Mill Valley installation of a sidewalk along Lomita drive, to the Edna Maguire School. A portion of the sidewalk would be on county property.
4. Approved a negotiated settlement of $4,200 for property owned by J. D. O'Connor for widening of San Pedro road near Santa Venetia. The county had been condemning the property, with the high county appraisal for the land having been $3,851.
5. Approved addition of the Shields annex to the Novato Sanitary District.
6. Authorized a stop sign at Louis drive and Manuel drive in Novato.
7. Ordered public advertising of the Sept. 15 protest meeting on withdrawal of property from the Terra Linda Community Services District.
8. Referred to the public works director a request that pedestrian lanes be painted across South Novato boulevard at Lauren avenue, Novato, to alleviate a traffic hazard complained about by C. M. Titers.
8. Appointed the following: Jeanne M. Nevani, junior typist clerk, auditor's office, $268 per month, to fill a vacancy; James Russell Burns, Gregory S. Beal and Glenn H. Murray, junior appraisers, assessor's office, $376, to fill vacancies.
10. Spent part of their luncheon recess in a visit to the Junior Museum of Marin, manifested informal approval, hinted their earlier tough attitude against further grant of funds might be reversed.

Mill Valley Names Harbor Committee

The Mill Valley Planning Commission last night set up a two-man committee to work with City Manager A. E. Almcrants on the proposed city small boat harbor.

Appointed were planner Claude Stollen and landscape architect Robert Royston, who is a member of the city architectural advisory committee.

The planners also:

1. Continued requests for variances and plan approval from Herbert H. Shapiro for the construction of a variety store at the rear of the Jolly Market at 395 Miller avenue. Shapiro was told to present a better parking plan.
2. Approved a plan of George Goheen to subdivide two lots into three at 525 Miller avenue, and granted a use permit to Stephen Kramer to build a real estate office on one of the lots.
3. Granted a request from Carlton Fletcher for subdivision of one parcel of land into three near Lomita drive and East Blithedale extension, until the city's East Blithedale extension master plan has been completed.
4. Approved a variance request by Manuel Gomez to increase the size of a proposed store building at 31 Miller avenue.

PUBLIC FAILS TO APPEAR FOR HEARING

Only empty benches confronted the Marin County Board of Supervisors at 3 p.m. yesterday, the hour set for a continued public hearing on a Corte Madera Master Plan. Conversation among the supervisors developed that things haven't quite jelled to where the residents know just what they want.

"It's their problem; let them work it out," suggested Ross Valley Supervisor William D. Fusselman. The board therefore voted a good whopping continuance for four months, to Jan. 5 at 2 p.m.

Belvedere Band Wins In Petaluma

Belvedere's Stuart Highlanders Pipe Band was winner of the Class B pipe band competition at the 94th annual Scottish Games Sunday at Petaluma under auspices of the Caledonian Club of San Francisco.

This was the newly formed Belvedere band's first entry in competition, according to Roderick H. Aya of Belvedere, band president. Marin pipers playing in the winning band were Aya and Peter Oakander of San Anselmo.

Marin Joins Eel River Watch Group

Marin County was officially made part of a program to prevent any slippery goings-on about the Eel River through action of its board of supervisors yesterday.

Five members of an Eel River Project Committee were appointed, including two of the supervisors themselves; bylaws were approved for a newly formed Eel River Flood Control and Water Consumers Assn., and provision was made for ponying up $25 dues and at an approaching Oct. 9 quarterly committee meeting at Ukiah.

Supervisor Vera Schultz, who has taken special interest in the formative stages of the group and who became a committee member, said eight counties will take part.

Appointed to the committee which is to meet every three months and keep careful eye on all water developments touching on the Eel, were Supervisors Schultz and William A. Gnoss; George Thierbach, director of the Marin Municipal Water District; Gerald Gilbert, engineer for the North Marin Water District, and Walter Freitas, director of the Marin Industrial Development Foundation.

BOND ISSUE DISPUTED

Does Mill Valley Need More School Classrooms? Debaters Don't Agree

"We can't afford it" and "we are not receiving what we are paying for" were the main charges hurled against passage of a proposed Mill Valley school bond issue at a public debate at Park School last night.

The $600,000 elementary school issue, which would provide 20 new classrooms, has failed the necessary two-thirds approval in three elections. It was defeated May 19 by 74 votes. Voters will go to the polls again Sept. 15.

Speaking against the bond issue, Mrs. Thomas McDougall of 32 Reed street, and Mrs. James Gowan, 226 Reed boulevard, held that schools should teach the basic skills rather than add more classrooms. They said the bond issue would not solve the problem.

Urging passage of the school bonds, which received a 65 per cent "yes" vote last May 19, were Mrs. Arne Anderson of 93 Woodbine drive, and J. Keith Thwaites of 203 Hillside avenue.

They reported the Mill Valley School District is gaining 150 pupils each year, and this has brought the average class size to more than 30 pupils. Therefore 20 new classrooms are needed and fast, they said. At present every multi-purpose room and many other such rooms are in use as classrooms, they stated.

However, Mrs. McDougall, an ex-teacher, told the 25 listeners that she thought a classroom could accommodate more than 30 easily.

She cited poor discipline in the classrooms she visited as being more detrimental to good learning than small classrooms.

"A school district should live within its means," she concluded.

Her colleague in the Mill Valley League of Women Voters-sponsored debate, Mrs. Gowan, a former WAVE officer, pointed out that most adults are products of classrooms of more than the 25 students recommended by educators.

"Size of class has very little to do with end result," she stated.

Mrs. Anderson pointed out that if a 1953 bond issue had not been passed, classes would average 43 pupils now.

Mrs. McDougall asked for cutting "frills," such as music classes, and better teaching of basics. That way there would be less need for remedial classes and classrooms, she said.

Mrs. Anderson and Thwaits said it was simply a matter of providing space in school for the additional children to be taught.

"Costs are rising for construction every year. If we had passed these bonds in 1957 instead of defeating them, we could have had the rooms all built and at a smaller cost," Thwaits pointed out.

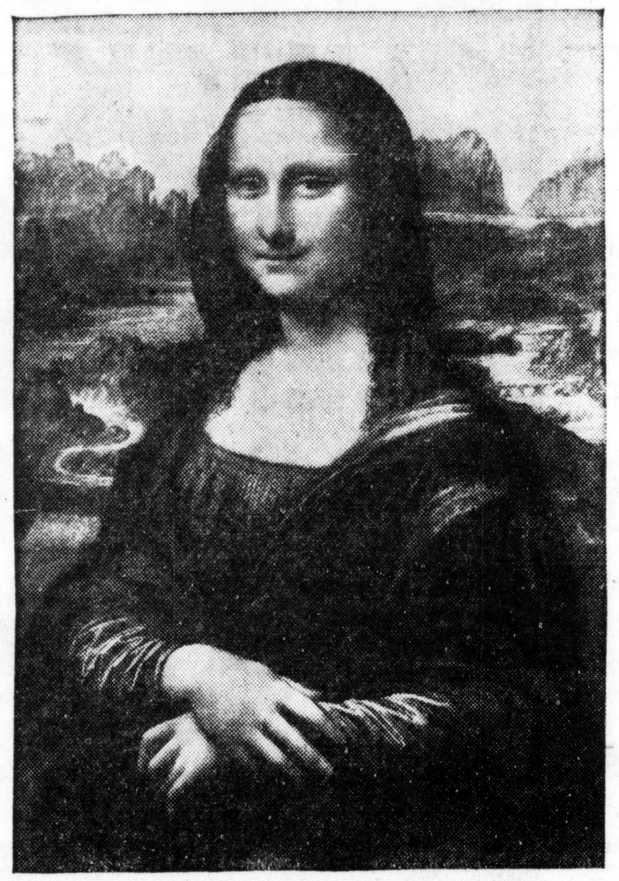

Referee for the debaters was T. Fred Bagshaw, deputy director of the state Department of Public Works and a 50-year Mill Valley resident.

In closing, Bagshaw said he feared that only a small number of voters would make the final decision. Both sides should work to get out the vote," he pleaded.

Bolinas, Stinson Boards To Meet

First joint meeting of the Bolinas and Stinson Beach School District boards under the new twin-district operation plan will be held at 8 p.m. tomorrow at Bolinas School.

Hereafter, the boards will meet jointly the second Wednesday of each month, alternating their meetings between the two schools in the district.

Originality Can Not Be Copied

WE ARE FULLY AWARE of the fact that Rambler will soon have new competitors.

It has always been true that when any new idea or product promises to serve mankind in a better way, it is at first deprecated and ridiculed by its competitors but when it wins outstanding public acclaim it is imitated.

This has been true in art and literature and science, ever since time began.

Only twice before in its sixty years has the automobile industry been so completely shaken by a fundamentally new and different concept as it is today by the Compact* Rambler.

The overwhelming public approval of this car is confirmation of our correct interpretation of public demand. That will always be our goal.

Today's Rambler is not merely an annual model. It is a new standard of basic excellence, a new measure of balanced value by which cars of the future will be judged.

The senseless competition for ornate design, with its attendant fast depreciation, *for excessive size*, for unusable power, for wasteful operating expense, is coming to an end.

Dependability in performance, economy in operation, ease of handling, *durability*, and adaptability to the needs of today are and should be the new goals of automotive design.

We of American Motors welcome all other manufacturers to this area which has been pioneered and exclusively promoted by Rambler.

It is our belief that at least half of all the automobiles built in the years to come will follow the Rambler pattern. But it will take time.

A good new car cannot be built in a year *or two*, no matter who tries.

A GREAT new car can never be built *without* the *conviction*, the singleness of purpose, the drive and devotion that are the ingredients of creative achievement.

The automobile industry knows a great deal about Rambler. They have seen us raise our production schedules ten times this year. They saw Rambler move to third place among all cars in retail sales in June. They are fully aware that never before in automotive history has an "independent" sold as many cars in any year.

They know of our pioneering in every phase of design and production.

Their work will be aided and accelerated by what we have done.

Their cars will have the benefit of our research in design and construction.

Our Single Unit Construction* is essentially that of the airplane and the streamlined train. It is far stronger. *It is safer.* It eliminates squeaks and rattles. It provides more usable space for passengers and luggage. It is the very essence of compact design—and we have *twenty years of experience* with this advanced type of body construction.

Our competitors know that Rambler bodies are submerged in a rust-proofing solution and that their own manufacturing layouts will have to be changed if their new cars are to approach Rambler in long life and durability.

They know of Rambler pioneering in engine design and carburetion that has resulted in smooth operation and lasting economy.

They know of Rambler research in air-conditioning, in springing, in the conservation of usable space without excessive bulk and weight.

Because of its public approval, Rambler will be copied.

Over a period of years, all cars will be better because of Rambler pioneering.

We of American Motors will never cease in our efforts to set new patterns for the industry to follow. We are dedicated to the concept that our cars must provide the utmost in usefulness, comfort, safety, beauty and balanced value.

They must continue to be the standard of basic excellence.

We will not deliberately make exterior changes just to obsolete owners' earlier models. We will avoid the extreme, the radical, the gross and the tiny.

We will strive always for the lowest possible price and the highest resale value, for exceptional gas mileage and good performance.

How large a share of the total automobile industry volume American Motors will account for when more than half the cars are the Rambler type, will be determined by car buyers.

We believe in what we have done.

We are devoted to the idea and ideal of ever-increasing usefulness to all who drive automobiles.

We have come so far because we have dared to be original.

An Original is of great worth.

It is never quite equalled by a copy.

And Originality itself cannot be copied.

Capsule Located After Test Firing Of Space Vehicle

CAPE CANAVERAL, Fla. (AP) —An unmanned model of the vehicle an American will ride into space was rocketed high over the Atlantic today in a test which promised some success despite a mechanical failure.

The huge Atlas booster rocket failed to fall away as scheduled after spending its force. The resulting drag cut the flight short of its planned 100-mile height and 2,000-mile distance.

But observers at this testing station counted up these elements of gain:

1. The space capsule itself was quickly located afloat on the ocean, with a prospect of recovery and valuable information from its load of instruments.

2. That meant the capsule had survived the searing friction of re-entry into the heavy atmosphere.

3. Telemetry signals, described by missilemen as good, reported throughout most of the flight on the performance of the vehicle and the conditions it encountered.

The director of Project Mercury, which is aimed at putting a man into orbit in 1961, rated the re-entry survival as probably a major step forward.

He said the primary objective of the trial was to see how the capsule stood up under the heat and shock of coming back from a simulated orbital path.

CAPSULE SIGHTED

The blast-off came at 2:19 a.m. Less than four hours later a search plane reported it had sighted the floating capsule, several hundred miles short of its goal.

Rear Adm. Harry Smith, commander of the recovery operation, did not pinpoint the location. He told a news conference that two destroyers were rushing to spot.

At first it was believed that the test of the capsule designed to carry the Mercury astronauts into space had been a complete failure.

SHORT OF TARGET

Robert Gilruth, Project Mercury director, reported that the msisile flew low and failed to obtain the desired velocity. For that reason it fell several hundred miles sort of its intended target area 2,000 miles down the Atlantic missile range.

Gilruth said he did not know how far up the Atlas actually went, but it was considerably below the 100-mile level.

Ike's Appeal Fails To Dent Steel Deadlock

WASHINGTON (AP) — President Eisenhower's appeal for a big push to end the steel strike has netted only a new round of accusations between steel management and labor.

Neither side reacted with a new approach to breaking the 57-day stalemate — now the longest steel strike in the nation's history.

"Half-hearted bargaining is not enough," Eisenhower said yesterday in letters to David McDonald, president of the Steelworkers Union, and the presidents of the 12 firms involved.

"Intensive, uninterrupted good faith bargaining, with a will to make a responsible settlement, is required," Eisenhower said.

His letters went out a few hours after negotiators met for 45 minutes in New York, then recessed until tomorrow to prepare for expanded subcommittee negotiations.

McDonald promptly told the President that the steelworkers have been seeking and will continue to seek "good faith, uninterrupted, wholehearted bargaining with the objective of achieving a reasonable settlement."

Swift Approval Looms For Third Housing Bill

WASHINGTON (UPI) — Congress set up its third housing bill for passage today in a drive for an adjournment that would not collide with the arrival of Soviet Premier Nikita Khrushchev.

The billion-dollar "third try" housing measure, modified to avoid a third Eisenhower veto, was ready for swift Senate and House approval. Leaders said they had "positive assurance" the President would sign it.

But Congressional chiefs had all but given up hope of winding up the first session of the 86th Congress by Saturday night. Senate Democratic leader Lyndon B. Johnson said adjournment this week was "very unlikely."

The adjournment outlook was complicated by the announced determination of Sen. Wayne Morse (D-Ore.) to block any legislative shortcuts and force the Senate to stay in session until after Khrushchev arrives.

Here were the other developments affecting the remaining major legislative issues confronting the Democratic-controlled Congress:

PUBLIC WORKS—Unable to work out a substitue more attractive to Eisenhower, the Senate passed a new $1,185,309,093 public works appropriation bill and sent it to the White House for another possible veto. The bill carried funds for all 67 new projects to which Eisenhower objected in his first veto.

SAVINGS BONDS—The Senate passed and returned to the House a bill permitting the government to boost the interest rate on savings bonds above the present 3¼ per cent—but not to more than 4¼ per cent. The Treasury plans only to push it to 3¾ per cent to attract more subscribers.

CIVIL RIGHTS—The issue of extending the rights commission for two years, senators said, will be resolved by attaching a rider to the foreign aid bill under a suspension of Senate rules. But even this, coupled with postponement of major civil rights legislation until early next year, was expected to provoke talk for a day or so. Thus the Senate could be held in session over the weekend.

Three major changes were made in the billion-dollar housing bill. The revised bill would:

1. Eliminate a 50 million-dollar loan program for college classroom construction. This was the item most objected to by Eisenhower in his first and second vetoes.

2. Remove an Oct. 1, 1960 cut-off date for eight billion dollars in new authorizations for FHA home mortgage guarantees.

3. Separate a 650-million-dollar urban renewal program into grants of 350-million for one year and 300 million for the second year.

Mill Valley Store May Operate From Big Tent

It may look like the gold rush days around Mill Valley soon.

The Purity Store at East Blithedale avenue and Camino Alto wants to put up a big tent on its parking lot and operate from it.

Company representatives last night asked the Mill Valley Planning Commission to approve operation of the tent store while a contractor places pilings under the sinking slab of its sprawling store building.

Planners continued the matter until Purity Stores, Ltd., present a more specific plan, showing exact proposed location of the tent and parking plans.

Planners were told the store hopes to start the project as early as next month.

WIFE EARNS EXTRA MONEY FOR ADMIRAL

PORTSMOUTH, England (UPI)—An admiral's wife brought in some extra money for the family coffers by working as a shipbuilder.

Mrs. Elizabeth Unwim earned 70 cents by cutting the ribbon that started cranes lowering a 15-ton ship's keel into place. Her husband, Adm. John Unwin, said proudly: "Five shillings represents the piecework for laying a keel."

Tokyo Population Tops Nine Million

TOKYO (AP)—The population of Tokyo has exceeded nine million, the statistics bureau reports.

It said Tokyo's population on Aug. 1 totaled 9,100,539, consisting of 4,711,401 males and 4,389,138 females. The figure represented an increase of 295,422 over the corresponding date last year.

London't population was estimated last year at 8¼ million.

Little Rock Angered By Dynamitings

LITTLE ROCK, Ark. (AP) — Tempers simmered in Little Rock today as indignation rose over the Labor Day dynamitings of public officials' property.

The chamber of commerce offered a $25,000 reward for the arrest and conviction of the bombers who hit the mayor's business office, the school board headquarters, and the fire chief's automobile.

The City Manager Board last night adopted a resolution backing up the chamber and the police department in an all-out investigation.

The Arkansas Gazette, winner of two Pulitzer prizes for its coverage of the integration troubles in 1957, published a strongly worded editorial demanding the arrest of the bombers.

Civic leaders reacted angrily, labelling the bombings as cowardly and "tactics of terror and anarchy."

SEGREGATION LEADER ALARMED

Token Integration Scores Gains In South Without New Incidents

By ASSOCIATED PRESS

Racial moderates were blasted by Gov.-elect Ross Barnett of Mississippi as token integration continued to spread quietly and peacefully into additional Southern communities.

Barnett, a strong segregationist, charges moderates planned to move into his state in the next four years as part of a campaign to pick off Southern states one by one. The South should unite with pro-segregation Citizens Councils to fight attempts at integration, he said.

Barnett told a Citizens Council meeting at Jackson, Miss., last night that moderates "are nothing more than Southern burglars. They want to rob us of our priceless heritage, and they tell us that we shouldn't complain as long as they steal it a little bit at a time."

Delaware's grade-a-year school integration program started peacefully today.

Without incident, three little Negro girls entered an elementary school in Milford, scene of violence and disorder when efforts were made to integrate at the high school level five years ago.

Some 30 Negro children in the southern countries of Kent and Sussex were registered to start the fall term in nine of the state's 94 school districts. Early reports indicated there was no fuss.

At Nashville, U.S. Dist. Judge William E. Miller reproached public school officials in Tennessee for not complying voluntarily with the U.S. Supreme Court segregation ruling.

"Why don't they act instead of having to be forced?" he asked during a hearing on a suit to admit 16 children of Negro airmen at Sewart Air Force Base to an all-white county school at Smyrna.

Miller gave the school commission a week to submit an integration plan.

The first integrated public school classes began without disorder in Florida. Four Negroes entered Miami's Orchard Villa Elementary School with eight white pupils.

Two more Virginia communities admitted Negroes to previously white schools, bringing to 80 the number of Negroes in integrated class rooms. The state's public school system has 800,000 pupils.

Twenty-one Negroes joined more than 300 white youngsters at Warren County High in Front Royal. There was no violence.

At Charlottesville, nine Negroes attended formerly all-white Venable Elementary and three registered with more than 700 white pupils at Lane High.

About two million children started classes in Texas where 101 of the 1,646 school districts are desegregated. Two Negro couples tried to enroll their children in white public schools at Fort Worth. They left without protest when officials said Fort Worth schools would remain segregated this term.

Lie Detector Test Clears Killing Suspect

DAVIS (UPI) — Authorities searched for a new prime suspect today in the mysterious gunshot death of a young Davis police officer.

A lie detector test late last night indicated that stocky, crew-cut Lee Ray Nixon, 27, arrested as a suspect, was not involved. He was expected to be released from custody.

Nixon insisted that a private patrolman who said he saw Nixon in nearby Woodland was wrong—"very much so."

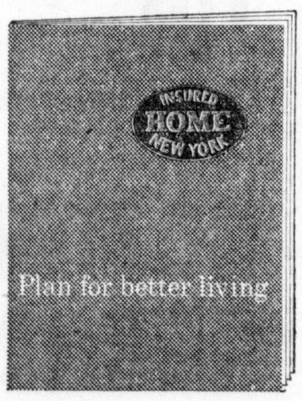

He also maintained that Private Detective Edward K. Masterson of Woodland was incorrect when he said he had spoken to Nixon only 10 minutes after the body of Davis Policeman Douglas Eugene Cantrill, 23, was found.

Cantrill's body was found Monday night, a single bullet wound through the heart, lying in the officer's patrol car, parked in a residential section of this college town.

BUT DENIES ROMANCE

Callas Confirms She's Splitting With Spouse

MILAN, Italy (AP)—Fiery soprano Maria Callas has called quits to her 10-year marriage to the elderly Italian industrialist who guided her rise to the top in opera.

But the 35-year-old soprano said Aristotle Onassis had nothing to do with the bustup, although the Greek shipping tycoon has been her recent date.

Onassis said the same thing, but added he would be "flattered if a woman with the class of Maria Callas fell in love with someone like me."

"Now I am my own manager," Miss Callas told newsmen in announcing the breakup of her marriage to 62-year-old Giovan Battista Meneghini. "It has been coming for a long time."

GIOVAN B. MENEGHINI
After 10 years, a bustup

Attorneys for Miss Callas and Meneghini are working out details of their marital split.

Onassis flew in his private plane yesterday to Venice where his wife was waiting for him aboard their yacht. He said reports of a romance between him and the temperamental soprano were "fairy tales—silly adventures."

Both Miss Callas and Meneghini were in Milan yesterday but they did not meet. She is here to complete a recording. He came from their summer home near Verona for a meeting of his attorneys with his wife's lawyer.

Meneghini has been his wife's staunchest supporter in her battles with opera managements in Europe and the United States.

When they married she weighed 215 pounds. Under his direction she slimmed down to one of the most attractive stars of the opera stage.

Miss Callas showed none of her famous temper in discussing the marital breakup with newsmen in a bar near the La Scala Opera.

Forest Fire Threatens Historic Dakota Town

DEADWOOD, S.D. (AP) — A forest fire first circled and then skipped across this historic Gold Rush town yesterday, burning a few homes and businesses, before roaring unchecked into unpopulated timber area to the southeast.

Asst. State Forester Tom Borden said he had heard no confirmed reports of serious injuries or deaths.

The same shifting winds that turned the fire into town helped minimize damage by lofting the blazes into tree tops and producing a scattered pattern of fires.

The flank of the fire was halted three-fourths of a mile from nearby Lead, home of the famous Homestake gold mine.

Deadwood's 3,500 residents were evacuated but some were trickling back early today.

Some of Lead's 6,400 people also were evacuated.

Late last night, an estimated 2,000 men were digging a wide line several miles ahead of the fire, sacrificing the timber in between to try to stop it there.

A second fire burned wild in timber southeast of the hamlet of Nemo. It apparently did not threaten populated areas.

The two blazes had consumed an estimated 16,000 acres. The Deadwood burn had a 20-mile perimeter late last night.

Temperatures of 100 plus degrees, a long siege of drought and humidity at a near record low of 5 per cent set the stage for a bad burn.

Then, reportedly, a man's trash fire got loose at a home for the aged southwest of here.

A squall line moved in fast, whipping the fire point into town. The freshening winds lifted the flames into the tall pines and sent them cresting from ridge to ridge.

Deadwood, where Wild Bill Hickok and Calamity Jane are buried, is a popular Western tourist attraction. Many of the old frame buildings date from Gold Rush days.

Greenbrae Couple Hurt

William F. Patry, 30, of 402 Via Hidalgo in Greenbrae, and his wife, Marilyn, 28, were treated at Marin General Hospital Monday afternoon for injuries suffered in a Walnut Creek automobile accident. Patry suffered a neck sprain and bruises of both knees; his wife received a back sprain and bruise of the skull. Both were released after treatment.

Gamblers Make Giants 3-1 Favorites To Win Pennant

SAN FRANCISCO (UPI)—The San Francisco Giants—by 3-1 the professional betting man's favorite to grab the National League flag—hop into the pennant stretch run today against the baffling Pittsburgh Pirates.

The Giants, who lead the second place Los Angeles Dodgers and Milwaukee Braves by three games, have only 17 games left on the schedule. Hence the gambler's establishment of the Giants as such solid favorites.

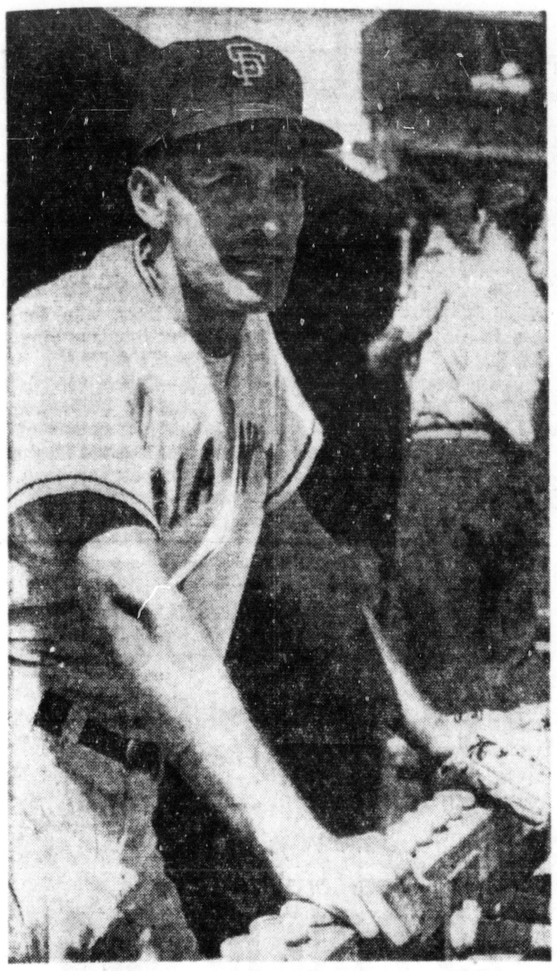

Jack Sanford, 12-12 on the year, will pitch for the Giants this afternoon. He will be faced by Harvey Haddix, 11-10.

Included in the final Giant games are 12 home affairs. They play Pittsburgh twice, Philadelphia three times beginning Friday, Cincinnati and Milwaukee twice and a three game set against the Dodgers. Then the Giants take the road for two games against the Chicago Cubs and three against the St. Louis Cardinals.

All the Giants except third sacker Jim Davenport will be ready for the stretch run. As a team, Bill Rigney's charges have been acting confident and to a man they have no doubts that they will win the pennant.

In the Pirates, the Giants will be facing a tough club which has been given to in and out baseball most of the year. Although they were the hottest team in the league throughout August, they have lately showed signs of cooling off and are now just about out of the pennant picture standing in fourth place, seven games off the pace.

Pittsburgh clipped the Giants two games to one the last time the two clubs met, but San Francisco has an 11-9 seasonal edge.

KEY GUY — One of the key men in the Giants' drive toward the National League pennant has been Eddie Bressoud (above), who plugged up a leaky shortstop problem early this season. Besides steady defensive play, Bressoud has delivered several important hits to the Giant attack. The Giants were meeting Pittsburgh this afternoon in the opening of a crucial two-game series. Dodgers Put Drysdale On Spot Tonight

By ASSOCIATED PRESS

Don Drysdale, the National League's No. 1 pitcher little more than a month ago, now is the No. 1 guy on the spot as the pennant race turns into the final three weeks.

The big right-hander, whose sidearm stuff puffed Los Angeles into contention, hasn't won in a month. Unless he comes back, the Dodgers is dead.

Since his last victory—a five-hit 4-2 job on Milwaukee that gave him seven in a row and pushed the Dodgers within a half-game of first place on Aug. 8 — Drysdale has lost six straight and the Dodgers have skidded into a tie for second with Milwaukee, three games behind San Francisco.

Drysdale has failed to put away a complete game in six starts and twice has been a loser in relief. He has been charged with the loss in almost half of the Dodgers' defeats (15) in that span.

Now 15-12, Drysdale gets another crack at junking the slump tonight when the Dodgers open their final, two-game series with last-place Philadelphia at Los Angeles. Like the Giants and Braves, the Dodgers have 17 games remaining.

BRAVES VS. CARDS

The Giants, with their three-game lead packed away in the lost column, open a two-game series with Pittsburgh at San Francisco while the Braves play the first of two with St. Louis at Milwaukee.

Drysdale is 2-0 against the Phillies, who have dropped 10 in a row at Los Angeles. But the fearless Phils have won seven of their last 12 games, with six of those victories over the Giants, Braves and Pirates.

Jim Owens (11-11), a right-hander who is 1-3 against the Dodgers, was the Phils' choice against Drysdale and the Dodgers. Owens has won three of his last four.

Warren Spahn (18-13) shoots for his third straight victory for the Braves, who are 11-9 against the Cardinals. Ernie Broglio (6-11), 0-1 against the Braves, faces Spahnie who has a 53-51 lifetime record over the Cards, but is 2-2 this season.

It's Official! Yankees Dead As White Sox Near Pennant

By U.P. INTERNATIONAL

It's certain today that the Yankee's can't win the American League pennant and it looks more and more like the White Sox can't lose it.

The proud Yankees, winners of four straight pennants and nine out of 10 under Casey Stengel, officially became "dead ducks" at 11:35 p.m. last night when Luis Aparicio's 10th inning single gave the White Sox a 3-2 victory over the Kansas City Athletics.

The White Sox' triumph means the Yankees are 17½ games out of first place with only 17 games left to play—and all the machinations and strategems of Casey Stengel himself can't repeal the laws of mathematics. As of today the Yankees' "magic number" becomes 1960.

The White Sox, of course, must still eliminate the Cleveland Indians to win their first pennant in 40 years, but that, too, is rapidly becoming a mathematical certainty. Only eight victories in their last 16 games would give the White Sox 94 wins for the season—and the Indians would have to take 14 of their last 18 for a .778 pace to tie!

OLD SMOOTHIE

Early Wynn, an "old smoothie" who'd strangle his grandmother to get into the World Series, pitched a six-hitter to score his 19th win of the year and put the White Sox five full games ahead of the Indians. The Athletics almost pulled out the decision by scoring two runs to go ahead in the ninth, but the Go-Go Sox tied it in the bottom of the ninth and won out in the 10th.

A crowd of 28,238, which boosted the White Sox' home attendance to a record 1,340,439 for the season, saw Wynn notch the 268th victory of his career. He needs one more win this year to achieve the fifth 20-victory total of his career.

Moving in for the "kill," the White Sox open a two-game series tonight against the Washington Senators, against whom they have a 15-5 season mark. Manager Al Lopez is sending Bob Shaw (14-6) against Camilo Pascual (14-10) in an attempt to drive another nail into the Indians' coffin.

NEED MIRACLE

The Indians, who have scored four straight come-from-behind victories in an effort to spring a miracle, meet the Baltimore Orioles in a twi-night double-header with Jim Perry (10-7) and Jack Harshman (5-9) facing Hal Brown (9-7 and Milto Pappas (14-7). It's a potential booby trap for the Indians because they have only a 10-9 season advantage over the Orioles.

STENGEL GRACEFUL

I'll Be Rooting For Lopez: Casey

NEW YORK (UPI) — Casey Stengel, who can't win it himself this year, said today he'll be "rooting for one of my boys, Al Lopez" to cop the World Series and keep the championship in the American League.

As graceful in defeat as he has been in victory in nine of the last 10 years, Stengel predicted that the White Sox would succeed the Yankees as World Champions "providing their pitching holds up."

Stengel made the prediction upon learning that the White Sox' 3-2 victory over the Athletics last night had eliminated the Yankees from pennant contention.

"I'm not surprised," he said. "I been sorta expectin' it for some time."

The 69-year-old Yankee manager recalled that Lopez' Indians dropped four straight games to the Giants in the 1954 World Series—the only series in the last decade in which the Yankees did not play—and said he would be "rooting for Lopez and the American League" to take the 1959 Series.

The White Sox eliminated the Yankees last night, but have yet to eliminate the Cleveland Indians. Even so, Stengel made it plain that he believed it only a matter of time before the Sox also knocked off the Indians.

DENIES TRADE

In good spirits despite the mathematical elimination of his Yankees, Stengel brushed off a story from Los Angeles that Johnny Podres might be headed for New York in a deal for catcher-outfielder Elston Howard. The report was made public by Dodger outfielder Duke Snider in a California radio program last night.

"I'm surprised to learn that Mr. Snider is the spokesman for the Dodger club," said Casey. "But I can say that this is the first thing I've heard about such a deal. With this new inter-league trading rule coming up this winter, I'd have to say there'll be a lotta talk about a lotta deals, and some of 'em might even come true."

'WON'T LOSE THIS YEAR,' BOASTS FACE

SAN FRANCISCO (AP)—"I'm just not going to lose this season. This is my year."

That's what bullpen Baron Elroy Face of the Pittsburgh Pirates says despite the lashing his pitching has taken of late.

The relief ace, who presently enjoys a 17-0 record, doesn't even consider the remote possibility of a loss seriously.

"The guys are taking pretty good care of me," said Face. "There have been some close calls, but they come up and get me out of trouble or come from behind and win the ball game for me."

Face has only 15 more games in which to get two more wins to tie the records of Carl Hubbell's major league mark of 24 straight in two seasons with the New York Giants in 1936 and 1937 and Rube Marquard's record of 19 straight in one season with the Giants in 1912.

Norton To Decide On Grid Career

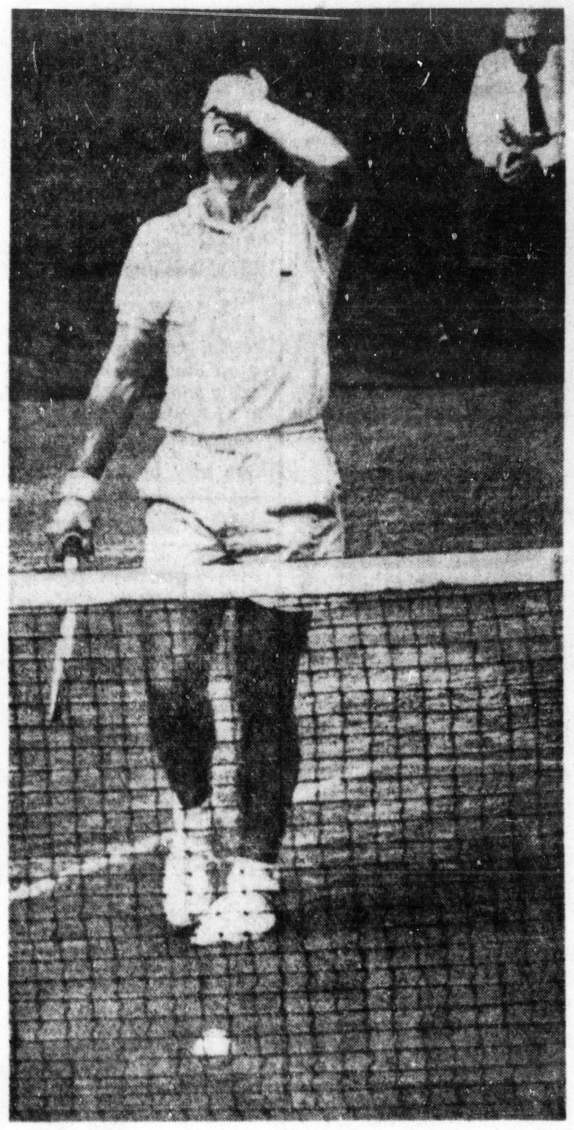

SAN JOSE (AP)—Sprinter Ray Norton, who won three gold medals in the Pan-American Games at Chicago, was expected to say today whether he will play football for San Jose State.

Norton has twice lettered as a halfback and many see him as an outstanding pro prospect. However, a football injury could hurt his chances in the 1960 Olympic Games.

The 185-pounder was the individual star of the Pan-American track competition assuming the role as world's fastest human. He won both the 100 and 200-meter sprints and anchored the winning 400-meter relay team for the United States.

49ERS TRADE STITS, ROOKIES PASS TEST

REDWOOD CITY (AP)—The San Francisco 49ers reaffirmed their faith in their rookie defensive halfbacks by trading veteran Bill Stits yesterday to the Washington Redskins.

With Eddie Dove from Colorado and Dave Baker of Oklahoma looking strong in the secondary, the club cut loose a five-year veteran.

In return the 49ers get a draft choice for next year.

The move left the local pro club with eight defensive backs, although veteran Dickie Moegle has been seeing more and more work on offense.

Coach Red Hickey worked veterans Karl Rubke and Frank Morze at offensive center to replace rookie Don James who quit in a surprise move Monday. Both Morze and Rubke have played the position, but both were shifted to defense when it appeared James would handle the offensive job.

Veteran Joe Perry and rookie Mike Dukes won't play against the Los Angeles Rams on Saturday in Los Angeles because of injuries. Perry sprained an ankle and Dukes hurt an achilles tendon against the Chicago Cardinals .

Billy Wilson, who missed the Cards game because of a bruised foot, will be ready.

As the 49ers switched their training camp from St. Mary's to Redwood City, Hickey ran his club through a routine drill—offense and defense against Ram plays. Rubke and Morze saw action both on offense and defense.

Bass Resumes Work; More Cal Injuries

By U.P. INTERNATIONAL

STOCKTON — All-American candidate Dick Bass rejoined the College of Pacific football squad today, ready for full time action for the first time in more than a week.

Bass, who had been hampered by a pulled leg muscle, took part in no-contact work yesterday, but stayed out of a brief scrimmage at the close of the practice session.

Coach Jack Myers said the Tigers would hold an intra-squad scrimmage Friday night in Sacramento's Hughes Stadium.

BERKELEY—The University of California casualty list reached the 19 mark today, with three more first stringers sidelined by injuries.

Quarterback Wayne Crow suffered a pulled leg muscle yesterday, while guard Jeff Snow suffered a severe leg bruise and guard Jim Green sustained a possible broken nose. Coach Pete Elliott termed the 15-minute scrimmage "fair."

STANFORD—The Stanford Indians, still suffering from aching muscles and bruises incurred in Saturday's scrimmage, concentrated on light drills yesterday.

The entire 60-man squad, which got off a half hour early, halted work at one point to search for Ed Rothman's contact lenses. The lenses were found.

The Indians will hold a game-type scrimmage Saturday, complete with kickoffs.

Whitman's 63 Wins Junior Golf At M.V.

Shooting a sparkling four under par 63, Steve Whitman of San Francisco defeated Bob Snyder for premier honors in the third annual Mill Valley Junior Golf Championship in the 15 to 17 age group over the sporty Mill Valley Muni course yesterday.

In the 13-14 age group, Steve Harris carded a 77 to win over Dan Reed by a margin of two strokes.

Dick Finn Jr. turned in a 90 to win by two strokes over runner-up Gary Norris for the group of 12 years old and under.

Dennis Cecil took the top hole-in-one special prize by placing his tee shot on the 8th hole 13 inches from the cup. John Grey won second prize with a shot four feet from the pin, while Mat Simone copped the third prize with a shot 13 feet from the cup.

The tournament, which was staged under the direction of Wynant Van Zandt, was sponsored by the senior golf players of Mill Valley.

Open King Enters Golden Gate Golf

SAN FRANCISCO (AP)—The entry list for the first Golden Gate Open Golf Tournament Sept. 24-27 continued growing today with U. S. Open champion Billy Casper among the latest entrants.

Also entering were Dow Finsterwald, who won the Kansas City Open playoff on Monday; Mike Souchak, winner of the Milwaukee Open; and Hillman Robbins, former national amateur champion.

U.S. Ryder Cup Team Selected

DALLAS, Tex. (AP)—The PGA has formally named the 10 top U.S. golfers to try to get the Ryder Cup back from the British.

The men were picked yesterday for the matches Nov. 7-8 in Palm Desert, Calif.

Veterans on the squad are Sam Snead of White Sulphur Springs, W.Va.; Jack Burke Jr. of Kiamesha Lake, N.Y.; Dow Finsterwald of Tequesta, Fla; Doug Ford of Mahopac, N.Y.; Cary Middlecoff of Memphis, Tenn., and Art Wall of Pocono Manor, Pa.

Newcomers are Julius Boros of Southern Pines, N.C., Jay Hebert of Sanford, Fla., Bob Rosburg of Napa, Calif., and Mike Souchak of Durham, N.C.

Namesakes Invited

AMHERST, Wis. (AP) — This Wisconsin community has received an invitation from Amherst, Mass., to share in its 200th birthday anniversary Oct. 17-25 of this year.

The Massachusetts city was named in honor of Lord Jeffrey Amherst, commanding general of the British force in North America in the French and Indian War.

Other Amhersts in Colorado, Maine, Nebraska, New Hampshire, Ohio, South Dakota, Taxas and Virginia have been invited to participate.

Rams Shake Up Defensive Unit; Great Rookie Crop

LOS ANGELES (AP)—The Los Angeles Rams have just completed the biggest defensive shakeup in the club's history. Seven of the 11 positions are affected.

Coach Sid Gillman has made radical changes and the entire coaching staff believes they will pay dividends when the National Football League season opens. The Rams have won only one of four pre-season games, but much experimenting has been done with a fine crop of rookies.

One of the main changes has been the switch of big Lou Michaels from end to left tackle. The coaches say Lou was a positive standout against the Cleveland Browns last week. They think they have solved one of their defensive weaknesses.

"Michaels is large enough (242) to play defensive tackle, we believe," said Gillman. "He has tremendous strength. The while question is whether he will be able to maintain the level of his effort against Cleveland. If he's that good in every game, we've found an exceptional tackle."

Gillman also said that John Guzik, rookie from Pitt, has won a job as a linebacker against San Francisco Saturday night. Lamar Lundy has won a job as defensive end and the other one will be held by the veteran, Gene Brito from the Washington Redskins.

George Strugar, displaced by Michaels, now is battling the 270-pound giant, John Baker for the other tackle job.

Behind this four-man line will be linebackers Les Richter, Roy Wilkins and Guzik, and relieving them will be Bill Jobko and Jack Pardee.

Two rookies, Tom Franckhauser of Purdue and Clancy Osborne of Arizona State of Tempe, have won positions in the secondary and will work along with the veterans Will Sherman and Don Burroughs.

Young Bicyclist Rams Into Car

A 5-year-old Greenbrae boy, Rolf Brunkhorst of 112 Bretano way, suffered knee abrasions at 5:20 p.m. yesterday when his bicycle ran into a car near his home.

Driver of the car, William Robert O'Brien, 61, of 270 Bretano way, said he saw the boy on his bike approaching in the middle of Bretano way. He stopped the car and the bicycle rider collided with it, O'Brien told California Highway Patrol Officer John Courter. No citation was issued.

O'Brien took the youngster home.

Couldn't Cut Weeds

HAMPTON, Va. (AP) — An 89-year-old man pleaded lack of funds when told to have the weeds cut on his home property. Three boys played good Samaritans and cut them. Later, after he had been committed to a hospital, money in his home and in bank accounts was found to total more than $14,000.

USC Best In West; Cal Stronger; Stanford Rebuilding

By HAL WOOD

SAN FRANCISCO (UPI)—The University of Southern California Trojans are the "team to beat" for the west coast football championship this year.

But how will the eventual winner be determined?

For the first time in a half century, there will be no Pacific Coast Conference to bind the teams together. Of the dozen "major" colleges in the west, only five belong to a conference.

These are: USC, Stanford, UCLA, Washington and California.

That leaves such schools as Oregon, Oregon State, Washington State, Idaho, College of Pacific and San Jose State playing as "independents."

With the new schedules, there may be no way to find out which is the best club in the west. For instance, UCLA plays only four of the "old" Pacific Coast Conference members; USC plays only five. Oregon doesn't play either one of the Los Angeles schools.

So competition will be based on more of a national basis than ever before. Southern California plays Pittsburgh, Ohio State, West Virginia, Baylor and Notre Dame—all from east of the Rockies.

UCLA tangles with Purdue, Pittsburgh, the Air Force Academy, North Carolina State, Utah and Syracuse. California meets Iowa, Texas and Notre Dame. Obviously these teams are ready for the long-talked about "Airplane Conference."

But even with their big schedule, the Trojans should emerge as the "champion of the west."

Coach Don Clark, who was stuck with nearly a full team of sophomores last year, has the experience to move his team ahead this time. He will have a solid line; a fine quarterback in Willie Wood; and some good ball carriers, headed by halfbacks Jerry Traynham and Lynn Gaskill and fullback Jerry Persinger. And the Trojans have good reserves.

The "last" champion of the Pacific Coast Conference was California and Head Coach Pete Elliott expects to come up with another good club this year. Last year's team was the best the west had to offer of a mediocre lot.

"We'll expand on the multiple-T formation used last year," says Elliott. "And I think we'll use the double platoon, as much as possible."

The Bears have 23 lettermen returning, including at least two for every position. Featured in the backfield will be fullback Billy Patton and halfback Grover Garvin. The quarterback probably will be Wayne Crowe. Pat Newell, the little (185-pound) tackle who was All-Coast last year, will anchor the line again this fall.

Coach Jack Curtice at Stanford, coming off a season so bad he couldn't believe it, has a rebuilding job. But Curtice is optimistic after fine spring and fall practice sessions.

Oregon, under Coach Len Casanova, will have another defensive powerhouse. But getting points will be another problem.

Other plots include:

San Jose State — Hopes to make it "big" this year with a veteran team that may include world champion sprinter Ray Norton.

Oregon State — Veterans return, to be led by sophomore quarterback Don Kasso.

Washington — Good running team again, possibly slow, but rugged.

Washington State—Won six out of last seven games in 1958, could be even stronger this year.

College of Pacific — Featuring Dick Bass, who could be the nation's outstanding back if he doesn't get hurt.

UCLA—Expect good defense, with standout tailback in the single wing in person of Billy Kilmer. He was out most of last year with a broken wrist.

Idaho—The whipping boy—again.

Smith Loses Cal Title— Broken Jaw

OAKLAND (AP)—Jerry Hunnicutt, who broke Charley (Tombstone) Smith's jaw in the second round last night, is California's new welter king.

Hunnicutt, a 3 to 1 underdog from Menlo Park, carried the fight to the veteran Los Angeles scrapper from the start. He slugged Smith hard in the first and landed several more rocking belts to the head in the second.

Smith was thrown to the floor as Hunnicutt broke from a clinch and when he got up he told Referee Vern Bybee his jaw was broken. Dr. Louis Kameny verified the fracture and Hunnicutt was declared the winner by a knockout at 2:50 of the second round.

Each weighed 147 pounds.

It was Hunnicutt's eighth knockout and his 15th victory with two losses and one draw. Smith's record is 30-12-0.

A crowd of 1,564 paid $4,031 for the bout which had been scheduled for 12 rounds.

Ingo To Sing On Dinah Shore Show

HOLLYWOOD (AP) — World heavyweight boxing champion Ingemar Johansson is going to sing with Dinah Shore on her NBC-TV show Oct. 4.

"When I was in Sweden this summer, everyone told me how well Ingo could sing," Miss Shore said yesterday. "So I brought some Swedish songs back with me and he'll sing both alone and with me."

Fights Last Night

SAN JOSE, Calif.—Willie Richardson, 182½, San Jose, knocked out Clyde Watson, 172½, Los Angeles, 3.

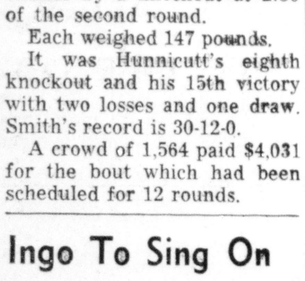

SAN ANTONIO, Tex. — Frankie Valdez, 129½, San Antonio, and Lauro Salas, 127¼, Mexico, drew, 10.

OAKLAND—Jerry Hunnicutt 147, Menlo Park, Calif., stopped Charley Smith, 147, Los Angeles, 2.

LONG BEACH—Rocky Calinga, 145, Philippines, and Kid Rayo, 147, Nicaragua, drew, 2. (Referee's decision after Calinga suffered severe cut).

JUAREZ, Mexico—Ike Chestunt, 129, New York, outpointed Claudio Adami, 129, Juarez, 10.

South Marin Swim Team Organized

The Southern Marin Recreation Center has organized an AAU swimming team to compete in Bay Area fall and winter meets, according to chairman Mrs. Angelo Mirata.

The team, coached by instructor Paul Nordstrand, will be composed of members' children only, by age groups, Mrs. Mirata said.

Practice times are scheduled for Tuesdays and Thursdays from 4 to 5:30 p.m. and on Saturdays from 10 to 11 a.m.

The AAU teams will meet with Bay Area teams Sept. 26 in the Mission pool in San Francisco for the first event.

Belvedere Swim Race Entrants To Register

All Belvedere children from the ages of 7 to 14 wishing to participate in Saturday morning's lagoon swimming races during the annual water carnival and regatta should register immediately with race chairman Raymond Bunker, according to event chairman Mrs. E. Allan Steinau, Jr.

The swimming meets and comedy races will start at nine o'clock from the dock of Mr. and Mrs. Wallace Scott on the lagoon and continue until noon. Prizes and trophies will be awarded for each race classification, Mrs. Steinau said.

Participants should fill out their registration cards and return them to Bunker as soon as possible, she said.

OSCAR FRALEY'S COLUMN

Olmedo Has Typical Peruvian Attitude

FOREST HILLS, N.Y. (UPI)—Down in Peru they refer to Alex Olmedo, their greatest tennis star, as "El Mistiano."

This is because, as a youngster, he came down from the slopes of Misti Mountain, which overlooks the tiny city where the houses are made of the white volcanic ash.

Once upon a time Arequipa passed a law that all of the houses would have to painted white. Immediately the independent Peruvians began to paint their houses every color of the rainbow. The law was rescinded. Immediately everybody painted his house white.

They say, in Peru, that when a fight breaks out, most people ask "who's fighting?" but in Arequipa they rush outdoors and ask "Who am I fighting?"

Which, in a way, explains the inner workings of "El Mistiano," the embattled son of the Incas who currently is bearing the scorn and censure of the tennis world for his "indifferent play."

LIKES TO WIN

Alex Olmedo wants to win. But it irritated him beyond words when they started telling him to paint his house white. And, like any native of Arequipa, he isn't going to sit still and ask "Who's fighting?"

Of course, in this strange new world into which his tennis racket became a passport, one doesn't go out and throw rocks. So "El Mistiano" simply adopts a go-to-blazes attitude and lets the chips fall where they will.

A year ago he was the hero of U.S. tennis after winning two singles and teaming in the victorious doubles as the Davis Cup was recaptured from Australia, 3 to 2. This year, after winning at Wimbledon, he was expected to duplicate his performance in the big silverware snatch.

BLEW MATCHES

But, on the heels of a "give-away" defeat which brought official wrath down on his head for acting like an amateur in the U.S. clay court championships, he blew a singles match and the doubles as Australia regained the Davis Cup. There was an evident feeling that he should be stood against a wall and shot.

Alex shrugged and walked away, this being far from Misti Mountain and Arequipa.

But the abuse didn't stop there. This week, in a national sports magazine, he was spanked roundly as an ingrate by the man with whom he lived when he first came to these shores on $700 put up by his countrymen. The fact is ignored that, for his tutelage, he won the intercollegiate title for Southern California and the Davis Cup for the U.S.

Brown Meets Canadian In Non-Title Go

COLUMBUS, Ohio (UPI)—Lightweight Champion Joe Brown, who fights as often as he can, and Canadian welterweight Gale Kerwin, launching a comeback after a year's absence from the ring, meet tonight in a non-title, nationally-televised 10-rounder.

Brown, who won the 135-pound title three years ago, rates a 4-1 favorite over the Canadian who fights out of Valley Springs, N.Y.

Lou Viscusi, Brown's manager, said he hopes to have the champion weigh in at about 138 or 139 in the over-the-weight fight. Kerwin is expected to weigh around 140 or 141.

Viscusi admitted that the fight looms as a tuneup for Brown, who hopes to defend his title in Houston, Tex., in December, probably against Britain's Dave Charnley.

Kerwin's career was halted nearly a year ago due to a severe case of anemia. He lost a 10-round decision to Frankie Ryff in Washington on Sept. 26, 1958 in his last fight.

Brown, who fights out of Houston, last defended his title in June, taking a 15-round decision from Paolo Rosi in his seventh successful defense since winning the crown from Bud Smith in 1956.

ON OCT. 3

Reed Guild Festival Booth To Feature Fig Preserves

An innovation for the Reed Guild of Sunny Hills will be their new booth this year entitled "Teahouse of the October Noon." It will consist of small tables in the shade of oaks where Grape Festival visitors on Saturday, Oct. 3, can relax and sip tea.

Fortune cookies and almond cakes will be served with tea by members of the guild under the booth chairmanship of Mrs. David Kamp. Holders of lucky fortune cookies will be able to get free prizes at different booths at the Festival.

Mrs. Albert Lubersky designed the teahouse and is chairman of a committee which is making Oriental lap snack trays, one of the three gift items which will also be available. Others are hand made and decorated Japanese tabbies in gay colors in all sizes. Mrs. Robert Byrnes is in charge of the handcraft division.

For the past three years since the Reed Guild of Sunny Hills has been organized, it has become famous for its exotic jams and jellies. Several favorites of past years will be included in the wares this year, according to Mrs. Albert H. Hartig, chairman who heads the culinary experts. The committee is cooking up such mouth-watering favors in jams and jellies as ollalie berry, rose-geranium, apricot, blueberry, raspberry, famous wines and other exotic varieties.

A special new feature for this year will be Mrs. Hartig's newly discovered recipe for fig preserves.

FIG PRESERVES

4 lbs. fresh figs
2 lbs. sugar
1 cup water
1 lemon

Wash and peel the figs. Slice the lemon. Boil the sugar and water together for 10 minutes, then add the figs and lemon. Cook rapidly until the fruit is clear. Seal in clean, hot jars.

This Dessert Has A Crisp Meringue Top

This sweet dessert has a crisp brown meringue-like top. Broiled Lamb Chops Potatoes Green Peas Minted Pears Salad Bowl Bread Tray Graham Cracker Torte Beverage

GRAHAM CRACKER TORTE

Ingredients: 1 cup very fine graham-cracker crumbs, 1 cup sugar, ¾ cup coarsely chopped walnuts, 3 large eggs (separated), ¼ teaspoon salt, ½ teaspoon vanilla.

Method: Stir together the graham-cracker crumbs, ½ cup of the sugar and walnuts. Beat egg whites until foamy; add salt and gradually beat in remaining ½ cup sugar until very stiff and glossy. At once, without washing beater, beat egg yolks and vanilla until thick and lemon colored; fold into beaten whites. Fold in crumbs and walnuts. Turn into a buttered and floured 9-inch pie plate. Bake in a slow (325 degrees) oven 40 minutes. Set pan on wire rack to cool. Cut into wedges and remove with spatula. Nice with whipped cream or ice cream. Makes 8 servings.

Note: We used 14 graham crackers from a small 7¾ ounces) box to make the 1 cup crumbs called for, crushing them in an electric blender. If a rolling pin is used for crushing, make sure crumbs are very fine.

Try Creamy Peach Roll

4 eggs, separated
1 whole egg
½ cup sugar
½ teaspoon salt
¾ cup sifted all-purpose flour

FILLING

2 cups peeled and diced fresh peaches
1 tablespoon lemon juice
1 cup heavy cream, whipped
⅓ cup sugar
½ teaspoon almond extract

Cake: Have eggs at room temperature. Set oven to 375° F. Grease and lightly flour jelly roll pan (15x10x1-inch). Whip egg whites until stiff, set aside.

Beat egg yolks and whole egg until lemon-colored. Gradually add sugar; beat until very thick. Stir in flour and salt. Fold egg yolk mixture into beaten egg whites.

Pour batter into prepared pan, spread evenly. Bake 10 minutes. When done, loosen edges, turn out onto towel dusted with powdered sugar. Roll up cake from narrow end. Cool.

Filling: Toss peaches with lemon juice. Add sugar and extract to whipped cream; fold in peaches.

To serve: Unroll cooled cake, spread with peach filling. Reroll, dust with powdered sugar. Refrigerate until served—not longer than one hour.

Spanish Version

NEW YORK (UPI)—A Spanish version of peach preserves can be made in small quantities. Cover 4 cups of peeled, stoned peaches with 4 cups of sugar and ¼ cup of oloroso type sherry. Let stand overnight. Bring to a boil and boil about 15 minutes, until sryrup is thickened. Pour into sterilized jars. Makes 1½ pints.

Thirsty?

NEW YORK (UPI)—Americans will drink 450 million servings of canned non-carbonated fruit juices a week this summer, according to a survey by the American Can Co.

They'll have a choice of 21 flavors in both single strength and concentrated form.

Give Kids A Luncheon Treat With Ticktacktoe Sandwiches

By CECILY BROWNSTONE

Let's face it. Many a mother is glad to see her small fry back at school again. After a summer of trying to think up answers to the perennial question, "What can I do, Mummy?" having youngsters busy away from home is the answer to a mother's dream.

And mothers needn't feel one bit guilty. The kids are usually just as glad to get back into the school swing as older folk are eager to have them there.

But mothers are notably of two minds. Even if they can live without having their children around every minute of every day, they'll knock themselves out preparing something special for small fry to enjoy at meals.

If your youngsters come home to lunch, they'll get a big bang out of some ooccasional fanciful food. One idea has always intrigued us. We once had an avocado salad with a ticktacktoe decoration served to us at a New York restaurant. Since then we've used this "game" idea in amusing garnishes. Here's our latest: Ticktacktoe Sandwiches. Serve them for lunch one day soon after school begans along with a nutritious vegetable creamed soup. Double the recipe and use it sometime for your own group of friends for an evening snack.

FANCY AND WHOLESOME: Youngsters will get a kick out of tuna sandwiches with ticktacktoe decoration, served with milk and carrot sticks.

TICKTACKTOE SANDWICHES

Ingredients: ¼ cup mayonnaise-type salad dressing, ¼ teaspoon prepared mustard, ¼ cup finely diced celery, 1 can (6½ ounces) tuna (chunk style), sliced bread, pimiento or cooked beets (plain or pickled), stuffed green olives or tiny mushrooms (plain or pickled from can or jar.)

Method: Mix the salad dressing and mustard; add celery. Drain tuna lightly; mix in. Toast bread if you like; spread tuna over surface of slices—we use 6 slices of thinly-sliced bread. Cut pimiento or beets in strips. Make a ticktacktoe design over each piece of bread and tuna, making lines and crosses with pimiento or beets and using olives or mushrooms for circles. Makes six open sandwiches.

Who Can Resist A Platter Of Sauerbraten Mit Noodle?

By CECILY BROWNSTONE
ASSOCIATED PRESS

Cooks of German background long ago introduced Americans to the delicious and hearty meat dish caller Sauerbraten — beef marinated in spiced vinegar, then cooked on top of the range and served with gingersnap-flavored gravy. Now this cosmopolitan version of pot roast is often sought after here.

Although Sauerbraten is usually accompanied by potato pancakes, you might like to save yourself the chore of preparing them and serve egg noodles instead. Noodles are so much a part of the German cuisine that you needn't feel you are going too far afield in offering them.

You'll have to begin your marinating prepartions a couple of days before you cook the meat, so plan accordingly.

Ingredients: 2 cups cider vinegar, 1 cup water, 3 medium-sized onions (thinly sliced), 2 tablespoons sugar, ½ teaspoon peppercorns, ½ teaspoon whole cloves, 4 bay leaves, 2 teaspoons salt, 1½ teaspoons dry mustard, 4 pounds boneless beef rump, 1 tablespoon flour, 1 teaspoon salt, ¼ teaspoon pepper, ¼ cup salad oil, ⅓ cup finely crushed gingersnap crumbs.

Method: Mix together well the vinegar, water, sliced onions, sugar, peppercorns, whole cloves, bay leaves, 2 teaspoons salt and mustard. Pour over meat in a non-metllic container; cover. Chill for 2 days, turning meat each day. Drain meat and wipe dry; strain marinade mixture and reserve.

Mix together the 1 tablespoon flour, 1 teaspoon salt and ¼ teaspoon pepper; rub this mixture into the meat. Heat oil in kettle; add meat and brown on all sides. Add ¾ cup of the marinade mixture. Cover and cook over low heat 3½ to 4 hours or until meat is tender when center is pierced with a long fork; turn meat occasionally as it cooks. Remover meat; add gingersnap crumbs and marinade mixture (to taste) to drippings in kettle.

Cook and stir constantly until blended; strain. Because the amount of meat dripping will vary, you may have to correct this gravy by adding water or stock, more gingersnap crumbs or marinade mixture, or by thickening it with a little flour. Slice meat thin and reheat it in the gravy. Makes 8 servings. The first few slices of beef on either side will be less firm than the remaining slices.

Note: You'll need 8 or 9 gingersnaps that are ½ inches wide to make ⅓ cup fine crumbs. Noodles: Use 1 pound (about 8 cups) medium egg noodles and add gradually to 4 to 6 quarts of boiling water and 2 tablespoons of salt, so that water continues to boil.

Cook uncovered, stirring occasionally, until tender. Drain in colander. Serve noodles with Sauerbraten.

Leftover Beef Finds Way Into Dinner Pepper Shell

Leftover meats can be a real bargain to the homemaker who can skillfully create tomorrow's meal with yesterday's meat. In some cases, leftover meats are confined to a leftover category and not allowed to show their versatility in second-day dishes.

For the homemaker looking for new ways to please the purse as well as palates, here the answer is found not in the proverbial nutshell but in this recipe featuring a pepper shell.

Cooked beef, finely chopped, combined with riced or mashed potatoes, chopped stuffed olives, chopped onion and seasoning can create an entree packed full of good eating, in the opinion of home economist Reba Staggs.

STUFFED GREEN PEPPERS

2½ cups finely chopped cooked beef
6 medium green peppers
1½ cups mashed or riced potatoes
⅓ cup chopped stuffed olives
¼ cup chopped onion
1 teaspoon salt
⅛ teaspoon pepper
½ cup hot water

Remove tops and seeds from peppers. Simmer peppers 5 minutes in salted water. Combine beef, potatoes, olives, onion, salt and pepper and fill the peppers with this mixture. Place peppers in a baking dish and pour ½ cup of hot water in baking dish. Bake in a moderate oven (350° F.) for 30 minutes or until the meat mixture is lightly browned. Yield: 6 servings.

Cauliflower With Cheese And Bacon

Ingredients: 1 medium-sized head cauliflower, 1 cup boiling water, 1¼ teaspoons salt, 4 tablespoons flour, 2 cups milk, 1 cup (loosely packed) coarsely grated cheddar cheese, 4 slices bacon (cooked until almost crisp and diced).

Method: Trim heavy green leaves from cauliflower and separate into small flowerets; wash. Cook rapidly in 10-inch skillet with boiling water and 1 teaspoon of the salt until barely tender—5 minutes or longer.

Drain and arrange in heat-resistant glass pie plate (9½ by 1½ inches); keep warm.

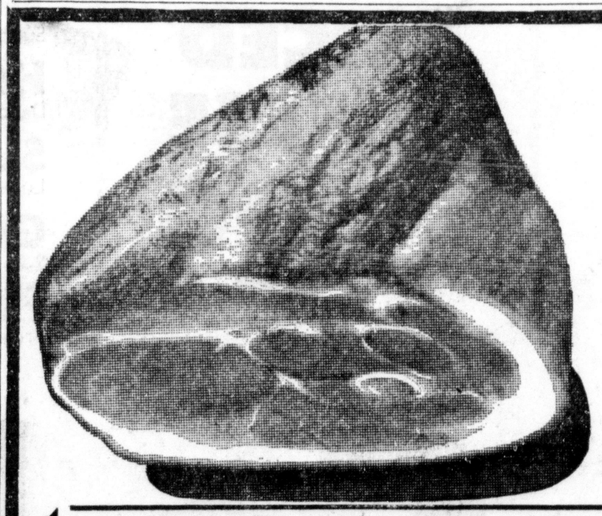

Make a white sauce of the butter, flour, milk and remaining ¼ teaspoon salt; over very low heat stir in cheese until melted; pour over cauliflower. Reheat under broiler; a few minutes before removing sprinkle with bacon. Makes 6 servings.

Plum Chiffon Pie

NEW YORK (UPI) — A fresh plum chiffon pie is as easy on the waist-line as it is for the cook to make.

The filling for a 9-inch single crust graham cracker shell is made by softening 2 tablespoons (2 envelopes) unfavored gelatin in ½ cup cold pear nectar. Heat 1½ cups pear nectar with ½ cup sugar until sugar melts, pour over gelatin mixture, and stir until dissolved. Chill until syrupy. Stir in 1½ cups pitted, diced, fresh plums and fold in 2½ cups whipped instant nonfat dry milk crystals. Pour into shell and chill until set.

The dry milk mixture is made by mixing ½ cup each of the crystals and ice water in a bowl. Whip about 3 or 4 minutes or until soft peaks form. Add 2 tablespoons lemon juice and continue beating another 3 or 4 minutes, or until stiff peaks form.

CARRYING "treasures" to the Marin Art and Gerden Center Barn, Oriental style are these members of Northgate Group, left to right, Mesdames A. C. Daniels, Leroy Page and Andrew Halley. The group will stage its "Northgate Folly's" on Sept. 15 from 10 a. m. to 8 p. m. "Folly's" will feature a sale of new and nearly-new merchandise. Mrs. Daniels is chairman and Mrs. Halley is president of Northgate Group.

IN THE BARN

'Northgate Folly's' Scheduled Sept. 15

A mink muff and matching hat and a portable electric sewing machine are among the prize items collected for the "Northgate Folly's," a sale of new and nearly-new merchandise scheduled for Tuesday, Sept. 15, from 10 a.m. to 8 p.m., in the Barn at the Marin Art and Garden Center, Ross.

Other "treasures" donated for this first-of-its-kind sale at the Center are a set of French linguaphone records, ceramic bottle stoppers, a set of Mexican glasses, and a pair of genuine Bavarian leather shorts.

Sports apparel and equipment includes golf clubs and tennis racquets.

"Northgaters and their friends have been very generous in donating articles for the sale," said Mrs. Albert C. Daniels, general chairman. "Many of them are valuable, and all are in excellent condition. We expect to add interesting items right up to the time of the sale. Of course, we will always welcome additions," she added.

Shoppers are expected from many parts of the Bay Area as well as Marin County, according to Mrs. Daniels. She said that there is plenty of parking space at the Center and that there would be signs showing the way to the Barn on the Centergrounds, on Drake boulevard opposite the Ross fire house.

One of the largest collections offered at the "Folly's" will be the "Handsome Haberdashery" booth, where men's clothing—including an almost-new tuxedo—will be featured. Storage depot for these items is the Ross home of Mrs. Stanley J. Steer, co-chairman.

Other offerings will include clothing and accessories for women, teen-agers, and children, costume jewelry, china and glass, sports and hobby equipment, and imports.

Profits from the sale will go to the Center building fund.

Date Changed For Folk Dance Class

Date for the first of the Mill Valley Folk Dancers' classes for beginners has been changed from Sept. 17 to Oct. 1, according to Mickey McGowan, instructor.

The 11-weeks' course will be held at the Outdoor Art Clubhouse from 8 to 9 p.m.

Further information may be obtained from Mrs. Charles A. Hardy, 153 Manor drive, Mill Valley, or from Mrs. Chalmers Donaldson, 415 Pine, Sausalito.

Hurd-Holly Wedding Held In Mill Valley

Predominantly pink with white accents was the color scheme carried out in the wedding Friday, Sept. 4, of Helen Holly and Gerald Hurd at the Mill Valley Community Church.

For the 7:30 p.m. double ring rites performed by the Rev. Gordon L. Foster, the altar was adorned with pink gladioli, pink carnations, white chrysanthemums and stock and pink candles. The same flowers were used in arrangements on the organ and mantel, and swags of variegated ivy and white satin bows marked the pews.

When the bride was escorted down the aisle by a friend, George Graham of San Rafael, she was wearing a street-length dress of white linen embroidered with pink flowers and fashioned with full skirt and fitted bodice having a round neckline and short sleeves.

She wore a pink velvet hat and carried a spray of pink carnations centered with white ones.

The dress of the bridesmaid, Joyce Trumble of San Rafael, was of green linen embroidered with pink flowers, styled like that of the bride, and she wore a hat matching her dress. Her flowers were a spray of pink carnations.

Best man for the bridegroom, who is the son of Mr. and Mrs. J. Paul Hurd of Mill Valley, was Donald Whitney of San Rafael, and showing guests to their seats were Everett Robbins of San Rafael, Neil Farr of San Francisco and James Langdon of Mill Valley.

Mrs. Hurd attended her son's wedding in an all green ensemble consisting of a moss green moire gown with full skirt and darker green velvet cummerbund, matching cage veil and accessories. Her corsage was a green orchid.

Among those attending the wedding were the bride's sister, Mrs. Elmer Endman of Pinole, Calif.; the bridegroom's sister, Mrs. Ivan Stone of Novato; and his grandmother, Mrs. Otto Wohlers of Petaluma, a member of a pioneer family there. His paternal grandparents were Mr. and Mrs. G. Lansing Hurd, who were well known in Santa Rosa.

Following the ceremony, a reception for about 100 guests was held at the Mill Valley Golf Clubhouse. The three-tiered cake was decorated on top with wedding bells. In charge of the guestbook was Mrs. George Graham of San Rafael.

After the newlyweds return from a brief honeymoon in Monterey, they will live in San Anselmo.

The new Mrs. Hurd was graduated from the Richmond High School and is employed by the United Ambulance Co. in San Rafael. She has another sister, Mrs. Harvey W. Thornton of Fresno.

The bridegroom was graduated from Tamalpais High School and the College of Marin and attended Humboldt State College. He is employed by the Pacific Gas and Electric Co. in Mill Valley.

Outdoor Art Club French Classes Open To Public

Outdoor Art Club French classes, hitherto available only to members, will be offered during the fall term as a county-wide service open to Marin County residents, according to Mrs. E. M. Shelton, chairman.

The two-hour weekly classes will be conducted as in the past by Mlle. Simone Deloge for a monthly fee. For those interested in studying French, beginners' or advanced conversation, there will be a meeting in the library of the Outdoor Art Clubhouse on Monday, Sept. 14, at 1:30 p.m.

Additional information may be obtained from Mrs. Shelton or Mrs. L. C. Beringer.

ENGAGEMENT OF JEANNE FERRARI TO RICHARD QUINLAN REVEALED

At an afternoon tea on Saturday at the Women's Athletic Club in San Francisco and later at a cocktail party at the family home in Saint Francis Woods, Dr. and Mrs. Reynold J. Ferrari announced the engagement of their daughter, Jeanne Marie, to Richard John Quinlan, son of Mr. and Mrs. Richard D. Quinlan Jr. of Kent Woodlands.

The bride-elect is the granddaughter of the late Mr. and Mrs. John Ferrari of San Francisco and the late Mr. and Mrs. Thomas F. McLaughlin of San Francisco. Jeanne has a sister, Patricia, teaching school at Parkside Elementary School, and a brother, Jerry, who is presently attending the University of Santa Clara. She attended the Convent of the Sacred Heart and Stanford University. With her marriage, Jeanne will relinquish her membership in the Spinsters.

The future benedict is the grandson of Mrs. John A. Donnelly of San Francisco and the late Mr. Donnelly, and the late Mr. and Mrs. Richard D. Quinlan of San Francisco. Dick, as the future benedict is known, is the brother of Mrs. Henry Turner Croonquist (Claire Marie Quinlan) of Fort Benning, Ga. He attended Saint Ignatius High School and the University of Santa Clara. Recently, the prospective bridegroom completed an active duty tour in the Army Air Defense Command as Aide-de-Camp to Maj. Gen. Robert W. Berry in New York City. Dick is presently associated with the American Trust Company.

A Spring wedding is planned.

THE ENGAGEMENT of Jeanne Marie Ferrari of San Francisco, and Richard John Quinlan of Kent Woodlands (above) was announced on Saturday at a tea at the Women's Athletic Club in San Francisco. The bride-elect is the daughter of Dr. and Mrs. R. J. Ferrari of San Francisco, and the future benedict, the son of Mr. and Mrs. Richard D. Quinlan Jr. of Kent Woodlands. (Du Charme photo)

Larkspur Women's Club Will Present Fountain To City

The first meeting of the 1959-1960 season of the Larkspur Women's Club will differ from other years. It will be held on Tuesday, Sept. 15, instead of on the second Wednesday of September, in order to dedicate a drinking fountain purchased by the club and donated to the city of Larkspur for the use of the children who enjoy Dolliver Park playground. Mayor Daniel Allen will assist Mrs. Donald Denton, club president, in conducting the 11 a.m. ceremonies. Club members are invited to be present for the dedication and to stay on for a picnic lunch in the park.

Following lunch, Mrs. Denton will conduct a 1 p.m. business meeting at the city hall. It will be preceded by dessert and coffee. Members serving with Mrs. Denton this term are: Mesdames Albert Heston, first vice president; W. H. Calhoun, second vice president; Beth Kessler, corersponding secretary; Harold Myers, recording secretary; Guy Penna, treasurer; E. W. Kerbs, auditor; and Floyd Losinger, parliamentarian.

Another scheduled event for September is a luncheon and card party to be held at the city hall, Wednesday, Sept. 23, starting at 12 m. Mrs. Losinger is in charge of arrangements. Many prizes will be awarded and the public is invited.

Return From Canada

Mrs. H. O. Hansen and her three children and mother, Mrs. Margaret McIntyre, recently went to Edmonton, Alberta, Canada. They visited Crater Lake and Lake Louise. They also went to Lake Tahoe for a week and ended at the Napa Valley Ranch Club before returning to Mill Valley.

Terra Linda School Will Open Monday

On Monday, Sept. 14, the Terra Linda Cooperative Nursery School opens in its new quarters in the Presbyterian Church building in Santa Venetia.

Persons interested in enrolling pre-kindergarten children are asked to telephone the president, Mrs. Richard Olmstead for information concerning membership. This cooperative, like the one in San Rafael, is under the Adult Program of the San Rafael High School District.

Mrs. Khrushchev Was 'Discovered' Only Recently

NEW YORK (UPI) — For the first time in her 60-odd years, Mrs. Nikita Khrushchev will know what it feels like to live in a glass house—and with a good part of 170 million Americans looking in!

For Nine Petrovna Khrushchev is a quiet woman who lives in a quiet way. In the Soviet Union, the lives of its leaders and their families are far more private than in the United States.

Nothing which Mrs. Khrushchev has ever done as Russia's first lady up to now has prepared her for the tremendous ordeal she faces.

If she makes a good impression on Americans—and people who have met her think she will—it will be because of her natural charm and intelligence. She will be helped by a knowledge of some English. It has never been reported how she happens to know the language.

Mrs. Khrushchev was "discovered" by the West only recently. As late as 1955, a well-informed American newspaperman wrote, "although he (Khrushchev) is known to have been married and his wife is quite possibly alive, nothing is known of her."

An incredible statement, but typical of how hard information of this kind is to come by in the Soviet Union. Nikita Khrushchev and his second wife have been married since 1938.

In appearance she could be the lady selling cakes at the church bazaar, the no-nonsense school teacher or the next door neighbor who loves to pot around in her garden.

The Russian first lady plays hostess to visiting foreign dignitaries only when they bring their wives along and protocol requires her presence, or when they call on Khrushchev at one of his Black Sea or Moscow Dachas.

It was at one such relaxed family dinner that Eric Johnston, president of the American Motion Picture Assn., remarked to Khrushchev that the Soviet leader's daughter, Yulia, closely resembles her mother. The remark tickled Khrushchev because all of his four children were by his first wife, who died in 1938.

Falcon-Morin Vows Are Traded In Blessed Sacrament Church

Bouquets of white stock and pink snapdragons were at the altar of the Blessed Sacrament Church in Santa Venetia for the recent wedding of Sylvia Irene Morin of San Rafael, and Louis A. Falcon of Hawthorne, N.Y.

The bride is the daughter of Mr. and Mrs. George Henry Morin of San Rafael. The bridegroom's parents are Mr. and Mrs. Louis A. Falcon of Hawthorne.

The Rev. John W. Prindeville officiated for the 10:30 o'clock double ring ceremony.

Given in marriage by her father, the bride wore a white gown of embroidered Swiss organdy fashioned with a square neckline framed with the scalloped edge of embroidery. It had short sleeves and a fitted bodice. The skirt had five tiers of embroidered organdy and formed into a sweep back. Her fingertip veil was held by a wreath of orange blossoms and she carried a prayer book topped with gardenias, bouvardia and ivy with satin streamers.

Mrs. Charles Duffy of Levittown, Pa., the bride's sister was matron of honor. Charleen Morin of Santa Rosa, the bride's niece was bridesmaid and Jeanne Duffy of Levittown, was junior bridesmaid.

They wore ice blue polished cotton frocks fashioned with fitted bodices, square necklines and Gibson Girl sleeves. They each carried a single long stemmed pink rose.

Little Patti Kay Morin, daughter of Mr. and Mrs. Raymond Morin of Memphis, Tenn., and a niece of the bride, was flower girl. She had a white organdy dress and wore a wreath of white flowers in her hair.

David Torre, son of Dr. and Mrs. Emil Torre of Kentfield, was ringbearer.

Henry Morin, the bride's brother of San Rafael, was best man. Ushers included Harry Platt and Everett Cianci of San Francisco.

For her daughter's wedding, Mrs. Morin wore a pink lace dress with matching accessories and a corsage of white gardenias.

The bridegroom's mother had a dress of steel blue lace and matching accessories. Her corsage was also of white gardenias.

A reception for 160 was held at the Kentfield home of Dr. and Mrs. Torre where white and pink snapdragons and stock were used in arrangements. Three floats of white begonias were in the pool.

A breakfast for the family followed the ceremony at Rickey's Rancho Rafael.

For a wedding trip to an undisclosed destination, the bride wore a biege ensemble with matching accessories and a gardenia corsage.

The bride, who was graduated from Saint Xavier's Academy in Providence, R.I., has six brothers. They are Albert Morin of Warwick, R.I.; Edward Morin, Levittown, Pa.; Raymond Morin, Memphis, Tenn.; Richard Morin, Fairfax; George Morin, Santa Rosa, and Henry Morin of San Rafael.

The benedict was graduated from Pleasantville High School, Pleasantville, N.Y., Long Island Agricultural and Technical Institute, Farmingdale, N.Y., and the University of California. He served two years with the U.S. Army and is now employed by the Cal entomology department and will work toward the master's degree. Mrs. Anthony R. Cascio of the Bronx, N.Y., is his sister.

The newlyweds will take up their residence in Berkeley after Sept. 25.

Coleman Plan Opening Day

Amid the usual opening day bustle at Coleman School on Thursday, Sept. 10, will be a hospitality committee of P-TA board members to welcome new parents and visitors and serve refreshments. Mrs. Richard Bettini and Mrs. Walter Strauss, co-chairmen, will be assisted by Mrs. Chester Sipkin, Mrs. Ralph Markey, and Mrs. Francis Burns. Both morning and afternoon arrivals are invited to pause and become acquainted with fellow-parents, or just familiarize themselves with the school.

Webster Smith, full-time principal, will assume his office for the school year. P-TA officers are: Mesdames Alfred Thomson, president, George Melanson, vice president, Chester Sipkin, secretary, and Richard Albert, treasurer.

Mr. Smith and his staff were honored at tea recently by officers and Executive Board members.

Ross School Faculty Feted At Luncheon

A buffet luncheon honoring the faculty members and workers of the Ross Grammar School was held recently at the Lionel Stott home in Ross by members of the Parent-Teacher Association.

Mrs. Ralph Priestly, P-TA hospitality chairman, was hostess and was assisted by Mrs. Thomas Mulvin, Mrs. Joseph Prola, Mrs. Clarence Amonette, Mrs. Lionet Stott, Mrs. William Zimmerman and Mrs. Lester Bricca, P-TA president.

Stephen Parodi, school principal, introduced three new teachers, Miss Elizabeth Burke who will teach the fifth grade, Stephen Peterson who will teach the seventh grade and Mrs. Mary Lou Edward who will teach the eighth grade.

Social Auxiliaries Meet For Lunch

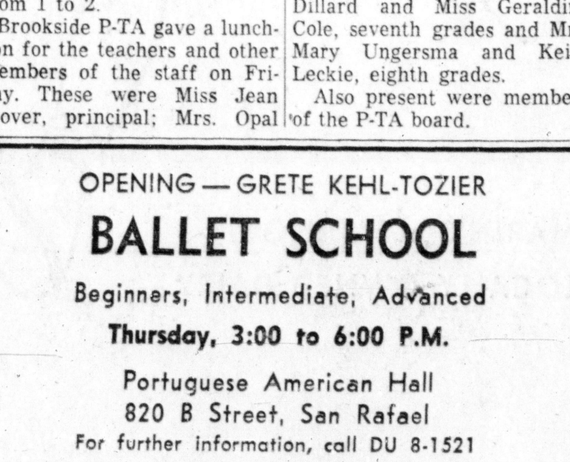

The Social Service Auxiliary and the Junior Social Service Auxiliary board members held a get-acquainted luncheon recently at Sabella's. The clubs have grown considerably and the respective presidents Mrs. George Geramoni of the "Seniors" and Mrs. Rome Brusati of the "Juniors" thought this would be a start at getting to know each other.

Those present in addition to the presidents were: Mesdames William Donohue, Louis Castellani, Roger Yore, William Simmons, John W. Merryman, Charles O. Jones, John DeMaria, Louis Pometta, Robert Bowen, Donald F. Morrell, Grant J. Halsing, Paul E. Lundberg, William Seeger, Arthur Fay, Edward Barry, John Fracchia, Cus Neederholzer, Mert Hipsley, Thomas Parks and Joseph Mello.

The two auxiliaries greatly aid the Catholic Social Service Welfare Agency for its work in Marin. The "Juniors" are already deep in their plans for their major fund raising event "The Silver Fantasy Ball." The date for this social event has been set for Oct. 18 at the Meadow Club.

Cook Dessert On The Charcoal Grill

NEW YORK (UPI) — To get full use of your charcoal grill, cook dessert as well as your main course on the coals.

To make mint-topped cookies, slice thin pieces of dough from 1 roll of slice-and-bake refrigerator cookies. Arrange on a double thickness of aluminum foil. Place about 8 inches above glowing coals and bake until lightly browned.

Remove from heat, cool a few minutes, then turn cookies, pancake-style. Top each cookie with a chocolate or mint wafer, return to heat and bake underside. Remove foil from heat, cool 1 minute, and remove cookies.

Women Voters To Hold Tea In Ross Home

The San Anselmo League of Women Voters' membership tea will be at the Ross home of Mrs. Vernon Skewes-Cox on Wednesday, Sept. 16.

This annual event will honor past presidents of the San Anselmo League and those who have served on the board of directors of the California League of Women Voters and the League of Women Voters of the U. S.

Those who have served as presidents are Mesdames Paul Holmer who has been president of the State league and is on the national board, Margaret Best, W. Arthur Magee, Florence Netterstrom, Ward Duffy, who is on the State board nominating committee, William J. Dillon, Henry Castor who was on the State board, Charles Garrison, John W. Bissinger and John A. Wadlewski. Mrs. Osborne White is this year's president.

Mrs. Joel Nemschoff who was elected to the Marin County Board of Freeholders and who has been a member of the State board is also being honored.

There will be a presentation of the year's program by the workshop chairmen under the direction of Mrs. Bissinger at 1 p.m. after which tea will be served.

ON DECK of the SS Lurline bound for Honolulu are Mr. and Mrs. Raymond L. Frezieres of Ardmore road, Larkspur. Mrs. Frezieres is district manager for Safeway Stores. (Cal Pictures photo)

BRIDAL COUPLE TO BE FETED AT RECEPTION IN LARKSPUR

In honor of Erline Porter and Richard Adams Burgi, who are to be married on Saturday morning at the Church of Jesus Christ of Latter Day Saints in Los Angeles, her parents, Mr. and Mrs. Charles Leland Porter of Novato are giving a reception at the Fairfax Masonic Hall in Larkspur on Sept. 19.

The bride-elect, who has one brother, Ronald Porter, is a graduate of San Rafael High School and attended Brigham Young University in Provo, Utah for two years.

The future benedict, son of Mr. and Mrs. Jack O. Burgi and brother Jack Burgi of Novato, is a graduate of San Rafael High and College of Marin. He will attend the City College of San Francisco. Both he and his fiancee were active in 4-H work.

After the wedding the young couple will tour Southern California and then drive north. In addition to family members in the receiving line at the reception will be four of Erline's former classmates, Mrs. Ray Walti of San Francisco, Miss Barbara Smith of Novato, Miss Janet Taylor of San Jose and Miss Betty Martini of Santa Rosa.

Marin Toastmistress Club Plans Meeting Tomorrow

Mary Ford, newly-installed president of the Marin Toastmistress Club, conducted her first business meeting at the annual outdoor picnic of the group held recently on the patio at the home of Mabelle Culpepper in Corte Madera.

Nineteen members attended the meeting during which time reports were given by the chairmen on plans for future programs.

A gift was presented to Emily Riley, a member who is leaving Marin County to accept a teaching position in Southern California.

The group will meet tomorrow at the Woodlands Restaurant in Kentfield at 7 p.m. Guests are cordially invited.

The theme for Thursday's meeting will be "Planting Seeds in a Toastmistress Garden." Jean Hanson will give the opening thought and Esther Dearth will act as topicmistress and Regina Waldron, toastmistress.

Speakers include Muriel Brown, Ruth Goodreau and Carol Hagel. Evaluators are Mabelle Culpepper, Paula Bunney, Elsie Meagor and Helen Nipper.

Freda Preston will be timer and the cup presentation will be by Catharine Robson. Rayma Armstrong will serve as general evaluator.

Augusta Cunningham will give the closing thought.

Orange Important Color For Indoors

CHICAGO (UPI) — New decorative accessories for fall will bring autumn colors indoors.

No single style trend predominated, but orange was the important color for accessories displayed recently at the Merchandise Mart here.

Tangerine and bittersweet were the most fashionable shades. Next came the combinations of blue and green, turquoise, the yellows, melon and gold.

Lavenders, lilacs, and heliotrope hues from pale pink-lavender to deep blue-purple also were extremely popular.

One showroom displayed a large collection of contemporary Danish and Italian ceramics—vases, bowls, table lighters, ash trays and cigarette boxes .They came in varying hues and depths of heliotrope, the shades blending with one another like flowers.

Three graduated-size bowls of blown glass, that look like a tapered bottle when stacked, come in either orange or turquoise. There also was a 15-inch solid tangerine contemporary vase of Venetian glass.

TODAY'S EDITORIAL

If You Think About It At All, Admission Day Is Exciting

Today is a holiday in California. State and county workers have the day off, banks are closed, opening of public schools is delayed until after the day.

Yet in most businesses and daily life, events go on as though it were not a holiday. In fact, we'll hazard a guess that if you stopped 10 people on the street and asked what holiday it is, nine of them would not know.

Today is Admission Day, the 109th anniversary of California's entry into the Union.

This should be a particularly significant Admission Day. For the first time in the lives of most of us, we have seen not just one, but two new states join our country.

Both Hawaii and Alaska have great and direct ties with California.

We are the principle connection of the Hawaiian Islands to the mainland, and always have been. There was some talk (not too serious) of annexing the islands to California rather than having a separate state.

And the histories of Alaska and California have been closely linked since Russians came down from Sitka to establish Fort Ross not so many miles north of here.

We're glad the people of Hawaii and Alaska will now have their own Admission Days. This somehow gives a special tinge to our own observance. Not only have we been a part of a great nation for 109 years, but this great nation of ours is still young and g r o w i n g, so young that two of our states have yet to celebrate their first Admission Day.

It's an exciting and stimulating thought. We only wish that more people would give thought to it.

It's Wonderful To Be Home

No matter how perfect the vacation, most of us are usually glad to get back to our Marin homes.

There is something comforting to the spirit in the familiar. Take beds for an example. Though ours may sag a bit in the middle, it is still the most comfortable for us. We have long since adjusted ourselves to its idiosyncracies. Here we know the climate and the bedclothes. No need to wake up shivering or perspiring under some strange foreign quilt.

Another blessed feature of home is the ever handy refrigerator with its multitude of goodies specially selected to suit our personal taste and available at all hours.

There are many happy features of home that the vacationer misses. A thoughtful conclusion might be:

Everyone needs a good vacation—if only to make him realize how n i c e things are at home.

CHALLENGE FOR GRADUATES

"Let somebody else's son provide good government. I want my boy to get ahead in life and make a safe niche for himself."

This, in effect, is what most parents are saying, according to nearly every survey which asked how many parents would like their children to undertake a career in government.

Statistics show that less than 3% of parents encourage their sons to take purposeful positions in municipal, state or federal government.

Parents can easily dispose their children to undertake life pursuits in which they will do more than seek their own comfort, security and prestige.

They can thus prevent their children from expecting the benefits of freedom at the expense of others.

Everyone has a stake in the survival of freedom. God expects you as one individual to assume a responsible share in maintaining "peace on earth for men of good will."

"So let your light shine before men, that they may see your good works and glorify your Father Who is in heaven." (Matthew 5:16)

Guard us, O Lord, against the temptation of leaving it to others to shoulder our responsibilities.

Lyric Writing Remains Difficult Task For Broadway's Hammerstein

NEW YORK (AP)—Some jobs get harder the longer you work at them, no matter how skilled you become.

It is that way with Oscar Hammerstein II, playwright, producer and lyracist.

After 5[illegible] musical plays and a thousand songs in 40 years, he finds song No. 1,001 as elusive to pin down as when he began back in 1919.

He can be seen striding back and forth on the second-floor porch of his 200-year-old Bucks County, Pa., farmhouse.

"I'm a pacer when I work," said Hammerstein, who is writing the last of 14 lyrics for his latest opus with composer Richard Rodgers, the life story of Maria von Trapp of the famous Austrian singing family.

"It's hard work. I walk miles and miles sometimes before I get a phrase.

"I don't know of any art form that requires simplicity more than a song does. But you have to wade through a lot of nonessential detours to get on the right road."

Hammerstein, who started out as a lawyer, jots down words and ideas on a pad of long, lined yellow paper at an antique stand-up desk.

To turn out a single song recently he used up 100 sheets of paper while working every day for more than four weeks.

At 64—he looks a rugged, well-preserved 50 — he has turned out enough hits to win immortality. But he says he wants to go on writing as long as he can find new themes.

"Real showmen are like gamblers," he said. "They ride with the good and bad."

"SUCCESS IN the theater is gained by departing from the beaten path, and this is achieved chiefly by the so-called commercial managers, writers and actors," he said.

Unchanged by s u c c e s s, Hammerstein likes c h e s s, baseball, tennis, a swim every morning, and the pleasures of family life. He and his wife have 11 grandchildren.

His friendliness and tolerant optimism have made him one of the best-liked men in show business.

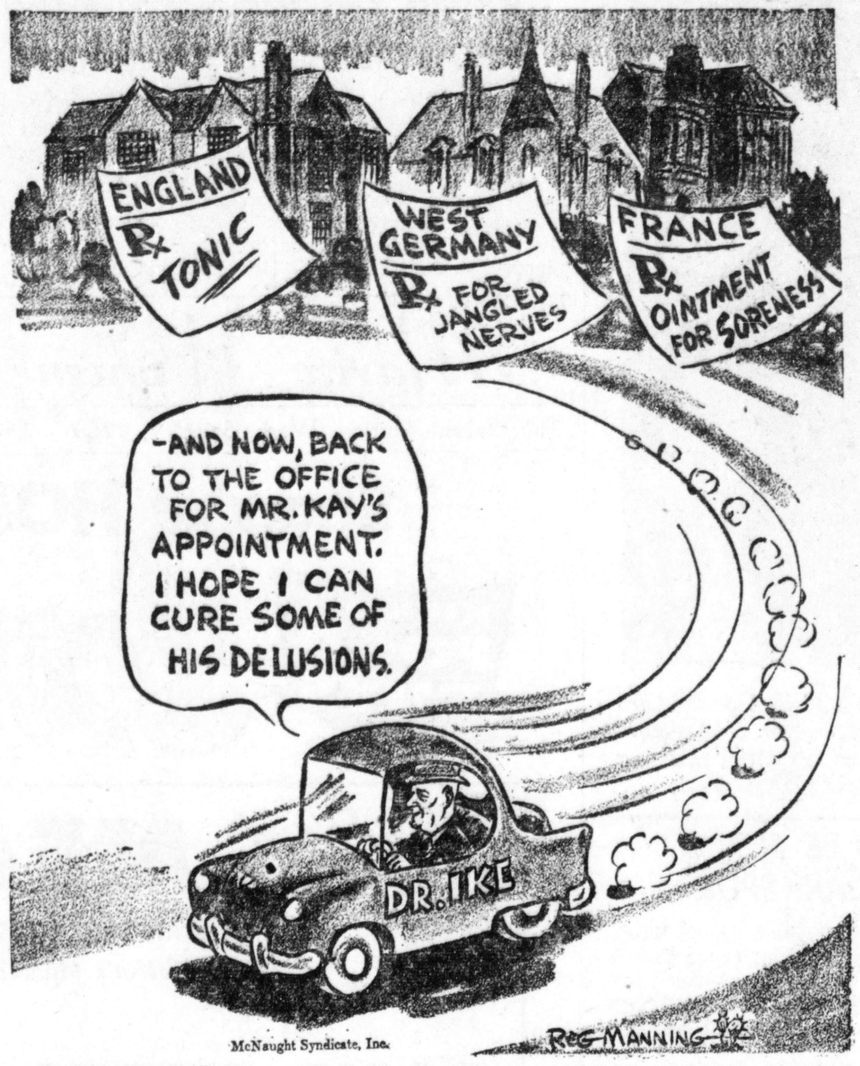

"I RECOGNIZE the imperfections of life," he said. "The most important thing in living is to recognize the imperfection of human beings.

"Our assumption that we are more civilized than we really are makes us too disappointed in ourselves. We fight too much to prove that what we don't know is so.

Sen. Humphrey Answers Column

EDITOR,
Independent-Journal:

Since your paper syndicates the column by Roscoe Drummond, you may have published a recent article by him entitled, "The Test Ban Talks . . . Danger in Humphrey's Speech." (NOTE: This column ran on the I-J editorial page of Aug. 26.) This column presented a misleading and inaccurate account of a speech I delivered in the Senate on August 13. In an attempt to correct the record and to answer the points of criticism raised by Mr. Drummond, I ask that this letter be brought to the attention of your readers.

My address was one of a continuing series on the disarmament problem, a series in which I have repeatedly emphasized the absolute necessity of coming to agreements on arms control only when we have an effective control and inspection system. Indeed, I have been in the forefront of those who have tried to urge an improvement in our inspection system.

Mr. Drummond must be aware that I have not subjected this vital matter to partisan politics. Indeed, I have s u p p o r t e d the Executive branch when I believed it to be right. An examination of the fourteen statements which I have made in Congress on the subject of arms control this year, will reveal that ten were in support of the Administration or offering suggestions, while four were critical.

Again, I must emphasize that I have stressed consistently and forcefully the need for adequate controls. I feel that Mr. Drummond has done me a serious disservice, and a disservice to the terribly important effort to find a coherent and logical way out of this staggering arms race, to suggest that I have been partisan in my approach to this subject.

In the address in question I was urging the President not to let the matter of coming to a decision on the resumption of nuclear testing continue to drift, not to permit the Atomic Energy Commission and the Pentagon to go their way in defiance of the President's p o l i c y, through their practice of leaking stories to the press. The AEC and the Pentagon, I strongly submit, were undermining the President's position in this matter, and the position advocated by the Department of State.

It is noteworthy that President Eisenhower, only a few days after my speech, did announce the further suspension of nuclear testing until the end of the year. This gives further time to try to work out the remaining problems at the Geneva Conference. I strongly support the President's decision, and I said so publicly. It is gratifying to be able to commend him — as many will recall I commended him for his part in the Geneva negotiations.

Now in detail, may I respectfully point out that in my address of August 18, which was fully printed in the Congressional Record, I underlined not one but six unresolved issues, and alluded to a seventh. I not only listed them; I discussed them in detail and told the positions of the two sides where positions existed. I did say of the unresolved issues one was a major stumbling block and that on this the Executive branch would agree with me. The President has referred to it in press conferences. The Vice-President mentioned it on his trip to the Soviet Union. In my speech I acknowledged that even if the Administration had a negotiating position on the on-site inspection problem, an agreement would not follow if the Soviets refused to agree to a reasonable number of inspections.

The nuclear test ban negotiations are of major importance to the security of our great country. As Chairman of the Senate Subcommittee on Disarmament it is my duty to discuss these vital matters to help inform the American people.

Uniforms At Redwood High Are Causing Unrest In Many Homes

The time has come, the parents said, to speak of many things—of blouses, shoes and history books, and such September things.

And, if the parents happen to have a daughter in Redwood High School, the talk also has turned to uniforms.

It appears that while most parents were idling away the summer on vacations, a committee from the P-TA was very busy indeed.

THE IDEA OF uniforms first made the scene at the end of last term when the eager committee polled the girls as to their feelings on wearing gold braid while learning. According to reports, a scant minority of 13 out of the 378 girls questioned turned thumbs down.

Armed with such a vote of confidence, the P-TA—a non-commercial organization — placed a juicy contract for the outfits on the lap of a San Francisco department store.

Parents were notified, by letter, that the box-pleated skirts, cardigan sweaters and blazers will be ready in October.

NEIGHBORHOOD RUMOR has it that the action has caused no end of unrest in many homes in and about the Redwood sphere of influence.

I need no rumors to tell me there is unrest at MY house.

My own moppet, a sophomore and one of the minority who voted against the sartorial regimentation, is in a compound dither.

"I simply WON'T be the only one at school without a uniform," she wails.

Her reaction is understandable and, I am told, not untypical; not only among the minority, but among those who gleefully voted for the outfits only to find their parents have other ideas as to clothing the apples of their eyes.

ONE GREAT advantage of the uniform, its partisans claim, is its leveling of the junior-grade social masses. Since e v e r y o n e will be dressed alike, they reason, who is to know whose Old Man is in the chips and who is on the shorts?

For a paltry $50, more or less, they point out that your daughter can look identical to the 600 girls on her left.

"And no one is so poor that they can't afford that," said a well-meaning mother of my acquaintance whose husband clips coupons for his take-home.

I HAVE NEWS for her.

I never clipped a coupon in my life. My formative years were spent clipping "Help Wanted, Male" ads, to wit: "Wanted, ambitious, energetic young man to replace two mules; small starting salary, opportunity for advancement."

A fifty-dollar bill is still somewhat of a rarity around our house. It goes a long way toward school clothes, lunch meats, haircuts and re-tread tires.

Many of my neighbors report that they also suffer from shallow bank balances.

A healthy segment also has expressed a strong distaste for any further regimentation in our already over-regimented society.

ALL OF WHICH adds up to the fact that there are likely to be many more than 13 Redwood coeds going back to school in plain, old fashioned, adorable dresses designed to bring out the best in the budding beauties.

One can't help wondering, however, if a P-TA committee came up with the idea of Cokes instead of milk at the school cafeteria, would they bother to poll the parents—or simply take the opinion of the kids involved?

STATE WATER BONDS? YES

Every Segment Of Business Will Profit

(NOTE: This is the third of three articles by Assemblyman Carley V. Porter (D, Compton) in support of the $1,750,000,000 state water bond program on which Marin and all California voters will express an opinion next year. Assemblyman Bruce Allen (R, San Jose) will write three articles, starting tomorrow, opposing the bonds.)

By CARLEY V. PORTER

SACRAMENTO (CNS)—The dollar value of increased economic activity directly stemming from project-inspired construction, farming, industry and recreation will soar into the billions annually.

It has been conservatively estimated that the project of itself will increase California's population by 5,200,000 by 1985. This alone would account for two million new jobs.

Economists tell us that by 1985, when the major project facilities proposed in SB 1106 will be in full operation, the additional income it will bring to the areas it is serving will total at least 12 billion dollars. By this time, the estimated additional investment in the project service area will probably exceed 34 billion dollars.

AS TO THE PROJECT'S impact on the farm economy, a quarter of a million acres of new land will be irrigated between now and 1985. This will result in investments totalling an estimated 200 million dollars in the new irrigated acreage, plus an annual crop output valued at 100 million dollars.

The purchasing power in terms of payrolls and other wealth made possible by the project will benefit every segment of business activity in California. It will provide the stimulant without which our state cannot continue to grow and prosper.

SENATE BILL 1106 makes specific provisions for financing a series of small dams and reservoirs, most of which would be located in Northern California, which will aid in solving many local water and flood control problems and at the same time vastly improve recreational facilities.

The importance of the recreation potential of this program to the overall economy of California is enormous. It should be of special significance in the mountain counties, especially those seeking an economic base to replace declining mining and lumbering industries.

WHILE IT IS TRUE that the great majority of the millions of new residents who will come to California in the next decade or two will be settling in the urban areas, they will balloon the constantly swelling ranks of those currently enjoying outdoor recreation.

Recreation already ranks with the top two or three industries in California. With increases in leisure time, population and our standard of living, it will become infinitely more important if we provide it with an opportunity to expand.

In this limited space it has been possible to mention only a few of the reasons why it is vital to the future of California that we seize the opportunity provided by SB 1106.

IF WE PERMIT solution of our water problems again to bog down in sectional distrust and legislative stalemates we will be placing in jeopardy the future opportunities of every resident of this state.

Senate Bill 1106 is good legislation. It has proven that your elected representatives can agree on the solution of difficult problems and it has established legislative atmosphere that will make it easier to agree on the water problems which still face us. **(TOMORROW: Bruce Allen says No.)**

Sebastopol Man Given Fine, Jail

Edward C. Barnett, 44, construction foreman from Sebastopol, must pay a $250 fine and spend five days in jail for his third drunken driving offense.

He and two others were sentenced yesterday in Marin Municipal Court by Judge Harold J. Haley.

Barnett was arrested on Highway 101 last May 2. He had prior convictions for drunken driving in Vallejo in September, 1950, and again in October of that year.

Mrs. Leatrice Lorraine Hawkins, 30, a waitress living at 424 Shoreline highway, Mill Valley, drew a $225 fine and one year probation. She was caught on Highway 101 last Aug. 30.

Anthony Cirulo, 38, a cook from Sharp Park, must pay a $250 fine and remain on probation for one year. Cirullo was arrested on Highway 101 May 14.

Syria has about 21 ancient castles, many well preserved.

Hamilton Offers College Courses

Three college courses will be offered to military personnel and their dependents at Hamilton Air Force Base beginning Sept. 21.

Courses in international law, current economics and sociology will be taught by San Francisco State College instructors from 6:30 to 9 p.m. two nights a week at the base education center, Building 585.

The courses, offering full college credit, will be given to Air Force personnel at one-third the regular tuition cost. The Air Force, under "Operation Bootstrap," pays the balance. Dependents must pay full tuition. All students must pay for required text books.

Group Of Foster Parents To Meet

The monthly business meeting of the Marin County Foster Parents Organization will be held at 8 p.m. Monday at the Marin County Welfare Department, 622 Fourth street, San Rafael.

A short business meeting will be followed by a tape recording concerning brainwashing techniques used by the Chinese Communists on U.S. prisoners of war.

Galilee is one of the most productive areas in Israel. It has plentiful rainfall and fertile volcanic soil.

Prefer Filter Tips

TUCSON, Ariz. (AP)—A pair of Cardinals came up with a new use for filter cigarettes.

The two birds used the soft, cellulose fillings to build nests. University of Arizona ornithologists said the birds didn't touch butts of non-filter cigarettes in the area.

Veteran Appraiser Quits Position As County Assessor Shifts Staff

Harvey E. Marsh, 66, auditing appraiser in the county assessor's office and a veteran holdover from the regime of former Assessor George W. Hall, has quietly resigned from his post to go into retirement.

Assessor Bert W. Broemmel yesterday disclosed several changes in his department, including the resignation of Marsh effective last Aug. 15.

Marsh declared today he decided to "retire and take it easy" at his Novato home because of serious illness in his family. For the time being, he is caring for his family and working in his large garden.

"Mr. Broemmel and I parted the best of friends," Marsh said.

Marsh, who has been a county employee for more than 20 years, last year ran for county auditor in an unsuccessful try to oust incumbent Leon A. deLisle. In the same election Broemmel won the assessor's post in a bitterly fought campaign against veteran incumbent Hall.

Assessor Broemmel also announced he has hired seven new junior appraisers at a starting salary of $376 per month. They are Richard M. Bergman of Mill Valley, William D. Hassler of Walnut Creek, Raymond M. Ogata of Florin, Kenneth V. Dawson of Berkeley, and Gregory S. Beal, Wilfred L. Spence, and James R. Burns, all of San Francisco.

This means an increase of four appraisers, which is offset by a reduction in clerical help by the same number, he said. As of this month, the assessor has 51 employees, one less than in March.

Also leaving the assessor's office is Robert Trumbull, senior appraiser. Trumbull, who has been with the assessor's office about 10 years, is leaving for the new state of Hawaii at the end of this month. His wife, newspaper columnist, and television show producer, Marjorie Trumbull, has accepted a new post in Hawaii. Trumbull also got a job there. He has a one-year contract with the state Tax Commission.

"We look forward to the time when Mr. Trumbull can return to us," said Broemmel.

Last month, chief appraiser Norman Robertson resigned to take a federal job. James Law is now serving as office coordinator to succeed Robertson.

WORLD NEWS IN BRIEF

Negro Baptists Meet

SAN FRANCISCO (AP)—The National Baptist Convention opens today, attended by 20,000 delegates and others from among the church's 4½ million Negro members.

Pre-convention activities yesterday featured a musical program at Civic Auditorium which included Mahalia Jackson, spiritual singer, and welcoming ceremonies.

Advice For Doctors

DENVER (AP)—New members of the Colorado Medical Society were advised yesterday to refrain from criticizing the work of other doctors.

Said Dr. C. S. Bluemel, retired Englewood, Colo, psychiatrist:

"Don't inspect a person's scar and say 'who did that?' Instead say, 'My, that's a neat scar. Who performed the operation?"

Tahoe Land Sold

RENO (AP)—A group of investors has paid George Whittell five million dollars for 9,000 acres at Lake Tahoe near the Incline Beach-Crystal Bay area.

Reno attorney Robert McDonald, who represents the new owners, announced the sale yesterday.

Arthur L. Wood of Oklahoma City acted as trustee for a group of Oklahoma, Kansas and Hawaiian businessmen in buying the land. Their names were not given.

McDonald said Wood's group has no immediate plans for developing the area.

Exhibit Goods Sold

MOSCOW (UPI)—Soviet authorities yesterday agreed to purchase some of the items displayed at the American exhibition, including a coffee maker, television sets, refrigerators, stoves, business machines and a plastic cup making machine.

The purchase price for the items was not disclosed. An exhibition spokesman said he presumed the goods would be studied with an eye to duplicating them.

Elephant In Rampage

LOS ANGELES (UPI)—Sheba the elephant broke loose from her chains at an auction center yesterday, kicked in the hoods and headlights of three sheriff's cars and roamed free for two hours before being brought under control.

A hurried call was put in for Sheba's trainer who finally quieted the elephant. He explained Sheba is basically good-natured and stomped on the sheriff's cars only because she took offense at being ringed by deputies armed with riot guns.

Crash Blame Fixed

NEW YORK (AP)—The Coast Guard has found the liner Constitution at fault in a collision with the tanker Jalanta March 1 just outside New York Harbor.

The Coast Guard found that the primary cause of the collision was "the failure of the U. S. Constitution to go at moderate speed in a fog and failure to stop her engines and navigate with caution upon hearing forward of her beam the fog signal of a vessel, the position of which was not ascertained."

Solon Keeps Seat

WASHINGTON (AP) — By a vote of 245-5, the House has declared that Rep. Dale Hartford (D-Ark.) is entitled to his seat in Congress.

Alford, a strong segregationist, won a surprise write-in victory in Little Rock last November over Rep. Brooks Hays (D-Ark.). Hays was considered a moderate on school integration.

Alford's campaign featured the use of printed stickers bearing his name which were pasted onto ballots by write-in voters. There was some question of the legality of this.

Mob Broken Up

NEW ORLEANS (AP)—Police broke up a milling, angry mob of Negroes last night by firing a shot into the air shortly after six young white persons were arrested for assaulting Negroes.

New Quebec Chief

QUEBEC (AP)—Quebec province probably will have a new premier tomorrow.

Well-informed sources said Lt. Gov. Onesime Gagnon will call on a cabinet minister to step into the post a few hours after the funeral of the late Premier Maurice Duplessis.

Paul Sauve, 52, youth and welfare minister under Duplessis, appeared the almost certain choice.

Nikita To Church?

WASHINGTON (AP) — Sen. Olin D. Johnston (D-S.C.) wants President Eisenhower to take Soviet Premier Nikita Khrushchev to church during his visit here.

"It is never too late for any sinner to repent," Johnston said yesterday.

Marine Hero Dies

HARTFORD, Conn. (AP)—Maj. Gen. Oscar R. Cauldwell, 67, (USMC, ret.), World War II commander of the 3rd Marine Division in the attack on Bougainville, died yesterday.

Beano Ban Sticks

BOSTON (AP)—The Massachusetts House refused to revive beano—banned 15 years ago after a licensing scandal. A 102-97 roll call vote rejected the bill yesterday although sponsors estimated it would produce 5 to 7 million dollars a year in tax revenue.

Zsa Zsa In Folies

PARIS (AP)—Zsa Zsa Gabor will be the top star of the Folies Bergeres beginning next spring, the folies' director said today.

Israeli Teacher Strike

JERUSALEM, Israel Section (AP)—Teachers at more than 100 secondary schools throughout Israel went on a two-day strike this morning for a 20 per cent salary increase.

The first match was introduced in 1828. In order to light it, one had to risk glass splinters and acid burns.

Escape Try By Suspect Is Thwarted

REDWOOD CITY (AP)—Jailers found steel plates dislodged from a cell ceiling yesterday and ordered solitary confinement for Alexander Robillard, who is accused of killing a policeman.

Robillard, 19, is charged with killing Gene Doran, a patrolman at nearby Hillsborough.

The youth was being returned from a superior court hearing when jailer Frank Martin noticed two interlocking steel plates dislodged in the ceiling of the 12-man cell.

Don Hartnett, chief jailer, said Robillard admitted working on the plates for a week.

Hartnett said Robillard, using only a two-by-four piece of wood, had been trying to reach a crawl space between the roof and ceiling and, from there, get out through an air conditioning conduit.

The piece of wood had been left by workmen when the jail, on the fourth floor of the San Mateo County Hall of Justice, was completed a year ago.

Hartnett said that Robillard would have had to batter his way through concrete partitions which extend from cell walls to the concrete roof. If he had reached the air conditioning vent, he would have found it barred with steel, Hartnett added.

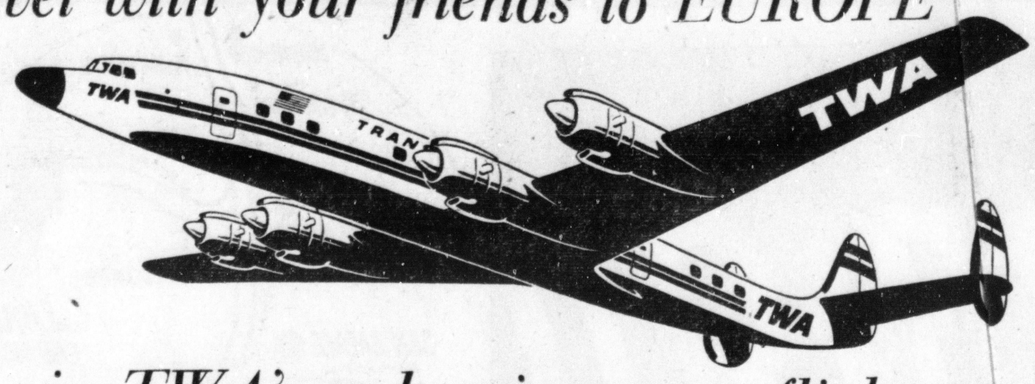

Judge Aylett R. Cotton had postponed the case, saying that on Sept. 14 a date will be set for trial.

Mill Valley Captain Appointed Bar Pilot

Capt. Maurice Vaughn, 53, of 197 Corte Madera avenue, Mill Valley, has been appointed a bar pilot for San Francisco, San Pablo and Suisun Bays. He will fill the vacancy created by resignation of Capt. Allen L. Zepp.

Vaughn, who joined the Pacific Far East Line in 1946, had been an applicant for a bar pilot job for eight years.

This Is Your Thrilling Travel Schedule

Sept. 29 Leave San Francisco via TWA's POLAR JETSTREAM flight . . .

2nd day . . . Arrive ROME

Transfer from Airport to Your Hotel.

3rd thru 5th days ROME . . .

Morning sightseeing by motorcoach, including Quirinal Palace, Trevi Fountain, Pantheon, Vatican Museum and Galleries, Sistine Chapel, and Villa Borghese. Afternoon sightseeing by motorcoach, including the Basilicas of St. Mary Major and of St. John Lateran, the Old Appian Way, the chapel of Domine Quo Vadis, and the Catacombs of Calixtus.

Morning excursion by motorcoach to Tivoli, where Villa d'Este and the Waterfalls will be seen, and thence to Hadrian's Villa.

6th day ROME to FLORENCE . . .

Commencing this date, you will begin your tour of Italy by motorcoach. Drive via the Hill Towns— Assisi and Perugia (lunch) — and Arezzo to Florence.

7th and 8th day FLORENCE . . .

The Italian center of art, and capital city of Tuscany, built on the banks of the River Arno. Dante, Machiavelli, Michelangelo, Leonardo da Vinci are names that come to mind in connection with Florentine art, literature, science and poetry. Our City Tour brings us to the imposing Cathedral of Santa Maria del Fiore and its Bell Tower, Baptistry, the Palazzo della Signoria, Uffizi Palace, the unique Ponte Vecchio, Palazzo Strozzi, and the Piazzale Michelangelo for a panoramic view of the city and Arno. Fiesole, a charming little Etruscan town near Florence, will also be visited.

9th day FLORENCE to VENICE . . .

Continue by motorcoach via Bologna and Padua to Venice.

10th day VENICE . . .

The fabulous City of Canals, built on more than one hundred islands with 400 bridges connecting the various sections. Here our City Tour is partly on foot visiting St. Mark's, noted for its gold mosaics, the Doges Palace, the Bridge of Sighs, the Campanile, all around St. Mark's Square. In the afternoon we ride the romantic gondola through some of the picturesque canals to see the Rialto Bridge, Frari Church, and the fantastic palaces seemingly growing out of the water. We shall also have an opportunity to watch the artisans creating the attractive Venetian glass and lace articles.

10th day VENICE . . .

If you can tear yourself away from the tempting shops, you may want to visit nearby Lido Beach, reached by public motorboat, which replaces the trolley.

11th day VENICE to MILAN . . .

Drive to Milan via Verona and the southern tip of Lake Garda.

12th day MILAN to ZURICH . . .

A short (1 hour) but spectacular flight over the Alps to Zurich.

13th and 14th days ZURICH . . .

The largest Swiss city, attractively situated at the head of Lake Zurich and the principal Swiss airport for international traffic. In Zurich you will enjoy the shopping for Swiss watches, silk, and the many other specialties in the tempting shops, particularly on the main street (Bahnhofstrasse), leading from the railroad station and air terminal to the beautiful waterfront. Full day excursion by motorcoach via Lake Zug and alongside Mt. Rigi to Lucerne (lunch), perhaps the most popular Swiss resort city, beautifully situated on the Lake of Four Cantons (also called Lake Lucerne), and surrounded by mountain scenery. It is here that you will do most of your shopping for Swiss specialties, watches, music boxes, woodcarvings, chocolate, etc., and while doing so you have the best opportunity to leisurely see the local sights, the ancient covered bridge, the elaborately decorated Guild Houses, the city walls (illuminated at night), and the famous Lion of Lucerne. Continue along Lake Lucerne and return via the Sihl Valley.

15th day ZURICH to GENEVA . . .

By afternoon train through the picturesque Swiss countryside and via Bern to Geneva (5½ hours).

16th day GENEVA . . .

League of Nations Palace, birthplace of the International Red Cross Organization and headquarters of the Swiss watch industry. The City Tour will introduce you to these high spots as well as the unique Reformation Monument, University, Conservatoire de Musique, etc. GENEVA TO PARIS by late afternoon flight to Paris (1¼ hours).

17th day thru 19th day PARIS . . .

The exquisite French capital, city of boulevards, art and gaiety. On the morning City Tour, you visit the Madeleine Church, American Embassy, the Champs Elysee, Arch of Triumph, Bois de Boulogne, Eiffel Tower, Napoleon's Tomb, and the Place de la Concorde, considered by many the world's most beautiful square. The afternoon tour takes you to the Louvre Museum, the Latin Quarter, Cluny Museum, La Sorbonne, Notre Dame Cathedral, and the Montmartre for an exquisite panoramic view of Paris and the winding River Seine.

On the afternoon excursion to Versailles we visit the palace with its richly decorated apartments, the Royal Chapel, the gardens and fountains.

Paris is noted for its glorious night life. To become acquainted with this phase, join the very comprehensive guided "Paris by Night" Trip to several of the leading cabarets, including the famous Lido, their floor shows, and even providing refreshments.

Teen-Agers Shock You? Best To Remember Your Own Youth

"The teen-agers in my neighborhood are awful," an unmarried woman writes. "Watching them I'm glad I have no children. They carry noisy radios wherever they go. They make vulgar movements as they dance. The boys put so much grease on their hair that it sticks out over their foreheads. They wear bizarre clothes. They speak in very uncouth ways. I can't stand them! Isn't our world going to the dogs, with such teenagers around?"

Probably most of feel as you do some of the time. Then we remember the past and feel better. Are you old enough to remember Rudy Vallee, the Vagabond Lover? Remember how the kids flocked about him? And how the elders roared their disapproval?

Do you remember the Charleston? Wasn't it at least as vulgar as rock and roll dancing? Can you recall the styles of the teen-agers in the 20's. Weren't they ugly? I'm sure you'll remember the 1940's. The zoot suits with the reet pleats. And Frank Sinatra as a gangling teen-ager singing to hysterical mobs. Remember how the girls squealed when he appeared? And how the adults expressed their disgust?

Get my point? Teen-agers always are rebels. They've always had their fads. They've always violated adult standards.. In due time they have grown up. And they have been shocked at the antics of the new teenagers. At least 90 per cent of the teen-agers you see are fine. The world is not going to the dogs. They'll be good citizens eventually.

READERS' FORUM

(Q) "I met my son's new teacher. She told me she considered all boys to be dull and bad. She said flatly that my son would be no exception. She said she took delight in whipping boys into shape. What do you think of her comments?"

M.O.N.

(A) They're bad. Was she just talking? Or did she really mean it? If she meant it, I'd try to get my boy moved to another teacher.

ALMANAC

Today is Wednesday, Sept. 9, the 252nd day of the year, with 113 more days in 1959.

The moon is in its first quarter.

The morning stars are Mercury and Venus.

The evening stars are Mars, Jupiter and Saturn.

On this date in history:

In 1776, the term "United States" became official.

In 1828, the Russian writer Leo Tolstoy was born.

In 1830, Charles Durant, known as the first professional American aeronaut, made a balloon flight from New York to Perth Amboy, N. J.

In 1850, California was admitted into the Union as the 31st state.

In 1919, almost the entire police force of Boston walked out on strike.

In 1926, the National Broadcasting Co. was organized in New York City to produce nationwide network radio broadcasts.

A thought for today: Calvin Coolidge said: "There is no right to strike against the public safety by anybody, anywhere, any time."

Holiday Toll Totals 438

By ASSOCIATED PRESS

A final talley shows 438 persons died in traffic accidents during the 78 hours of the Labor Day holiday weekend.

The record of 461 was set in 1951.

The National Safety Council had estimated 450 lives would be lost in traffic during the weekend extending from 6 p.m. Friday to midnight Monday, local time.

In addition to deaths from traffic accidents this year, there were 29 drownings resulting from boating accidents, 62 non-boating drownings and 84 deaths from miscellaneous accidents. The over-all total for the holiday was 613.

Brown Undecided About Size Of Patrol Car Teams

SACRAMENTO (AP)—Gov. Edmund G. Brown says he's not ready to take a stand on the question of one- man versus two-man police patrol cars.

He described the one-man car as dangerous, pointing to a recent series of beatings and killing of policemen and highway patrolmen.

Brown also told reporters that as district attorney of San Francisco he favored two-man teams in prowl cars.

However, he said, you run into the cost factor. He said use of single officers makes it possible to patrol more area and reinforcements can be brought in fast by radio.

The governor said he wants to talk to experts about the problem before taking any stand.

Bay Shark Heroine Visits Rome Mayor

ROME (UPI)—Shirley O'Neill, the 19-year-old San Francisco girl who baptized an injured youth as he was dying from shark bites, was received yesterday by Rome Mayor Urbano Ciocetti.

Ciocetti, who received Miss O'Neill at the Campidoglio, Rome's city hall, presented the girl with a bronze souvenir medal.

Miss O'Neill was received by Pope John XXXIII at Castel Gandolfo Monday.

Strontium Taken From Skim Milk

WASHINGTON (UPI) — The Atomic Energy Commission reports that scientists have found a way to remove up to 94 per cent of the radioactive strontium-90 from skim milk without changing the milk's basic content.

Radioactive strontium is one of the chief contaminating elements in fallout from nuclear blasts. The new discovery would be vitally important if food supplies were contaminated by a nuclear accident or a wartime attack.

Wild Horse Bill Signed Into Law

DENVER (AP)—The wild horse herds of the West, vanishing from the American scene as the buffalo did 75 years ago, may get a reprieve with a new law that went into effect yesterday.

President Eisenhower signed the measure which makes illegal the decimating mechanized roundups of recent years. The wild horses were run to exhaustion by jeeps and airplanes and wound up as dog food.

Hawaii Trip For Entire Senate Eyed

WASHINGTON (AP)—A junket to surpass all junkets—a free trip to Hawaii for the whole Senate—is getting enthusiastic consideration from some senators.

The taxpayers would foot the bill under terms of a resolution drafted by Senate Republican leader Everett M. Dirksen of Illinois. It calls for an outlay of $200,000 to cover members' expenses on the trip.

Gov. William F. Quinn of Hawaii cabled the invitation for all the senators to take part in a thanksgiving celebration for the 50th state. The Senate Republican Policy Committee received it yesterday with "hilarity and exuberance of spirit," Dirksen reported.

Ingrid Wins Round In Custody Fight

ROME (AP)—Ingrid Bergman today won another round in her court battle with Roberto Rossellini for custody of the three children born of their now broken union.

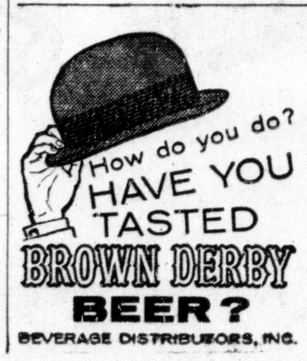

Rome's Civil Court, in a stormy session behind closed doors, turned down an appeal by the Italian film director to set aside a temporary court ruling that gives the Swedish film star custody of the children.

The temporary ruling gives Rossellini the right to have the children for two months during their school vacation period.

Marin Cadet Makes West Point Honor Roll

James C. Woods, a son of Mrs. F. J. Woods of Bridge road and Chestnut avenue, Ross, has been named to the dean's list at the U.S. Military Academy at West Point, N.Y.

A 1955 graduate of Sir Francis Drake High School, he ranked in the top 30 per cent of his class in all subjects last year.

San Rafael School Bus Times Told

San Rafael school bus schedules and dismissal times were announced today by Asst. Supt. Raymond J. Simpson. The schedules go into effect tomorrow with the opening of classes.

Dismissal times from the various schools are as follows: high school, 3:30 p.m.; Davidson and Santa Venetia seventh and eighth grades, 3:20 p.m.; Laurel Dell, third grade 2:30 p.m. and fourth, fifth and sixth grades, 3:05 p.m.

All other schools will dismiss morning kindergarten at 11:10 a.m.; first and second grades at 2:30 p.m.; third grade at 2:45 p.m.; fourth, fifth and sixth grades, 3:20 p.m.

SAME ROUTES

Buses will depart from each school as soon after dismissal as feasible and return along the same route as that used going to school.

Each bus will carry an identifying card to indicate its destination for a particular trip. (As many as four buses will be picking up pupils from certain areas for different destinations.)

The complete schedule to and from schools includes approximately 70 bus trips and 500 to 600 separate stop times. Information regarding later adjustments will be distributed by each school. Minor delays are inevitable in the first few days of operation, Simpson said.

SAME STOPS

Buses for San Rafael High School will leave from each of the following areas at the times indicated. Stops within the areas will be made at the same places as the previous year.

Monte Maria 7:15 a.m.; Loma Verde 7:15 a.m.; Raphael Village, 7:15 a.m.; Hamilton Air Force Base, 7:20 a.m.; Lucas Valley and Marinwood, 7:26 a.m.; Terra Linda (Scotty's Market) 7:55 a.m.; Terra Linda (Las Pavadas) 8:18 a.m.; Los Ranchitos and San Rafael Meadows, 7:38 a.m.; Santa Venetia (Meadow and Westward) 7:47 a.m.; Santa Venetia (Meadow and Eastward) 7:55 a.m.; McNear's Beach and Glenwood, 7:20 a.m.; San Quentin 7:31 a.m.

For San Rafael elementary and junior high schools, the following schedules give the time and place of the first stop of each bus trip. This is followed by the names of the streets along the route of each bus trip.

MOTORISTS, HEED THIS SIGN!

Nine-year-old Mike Nave of San Rafael watches as Officer Paul Zensius of the California Highway Patrol and Capt. Joseph Brusatori of San Rafael police put up a "School's Open" warning poster outside St. Raphael's School. The two officers were joined by other law enforcement officers throughout the county in a plea to motorists to exercise special care because of children crossing streets to and from school. Classes will resume tomorrow in public and parochial schools. (Independent-Journal photo)

LAW IN ACTION

Courts Aren't Permitted To Set Excessive Bail

(This column, prepared by California attorneys so you may know more about our laws, appears regularly in the Independent-Journal.)

Under both the federal and state constitutions no court can set "excessive bail." As a rule, courts set bail, which is a forfeit and not a punishment, to make sure the accused appears for trial.

One California court of appeal found that one judge had set bail too high in order to punish a man accused of drunkenness for asking for a jury trial.

The appeals court reduced the bail from $500 to $25.

The facts: The man came to court charged with being drunk in a public place.

"Not guilty," he said.

"Do you want to know what my policy is," the judge asked, "if you plead not guilty and then the jury finds you guilty?"

"I'd like to know," said the man.

"Well, you are going to get 90 days in jail."

Then the judge set bail for $500 instead of the usual $25 as scheduled in such misdemeanor cases.

Unable to post $500, the man went back to his cell. But he asked the appeals court for a writ of habeas corpus. He claimed he was wrongfully in jail because his bail was so excessive he could not put it up. Besides, he said, he was being punished for asking for his right to a jury trial as guaranteed by the constitution.

When the prisoner asked to put his trial over pending the habeas corpus hearing, the judge had him charged also with vagrancy, and set his bail for yet another $500.

The court of appeal ordered bail on the drunk charge cut to $25, and turned him loose on his "own recognizance" on the vagrancy charge.
